## NDIA

### WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more information, visit [NDIA.org](http://NDIA.org)

### WEDNESDAY, AUGUST 29

#### General Session

Lumiere Ballroom  
8:00 am – 5:00 pm

## LEADERSHIP

**Dale Gillam**

Chair, IPM Division

**Dan Lynch**

Chair Emeritus, IPM Division

# INTEGRATED PROGRAM MANAGEMENT (IPM)

## WHO WE ARE

The Integrated Program Management Division promotes a strong industry - government working relationship to address disciplined program performance management methodologies for planning and executing programs to optimize outcomes. Disciplined program performance management methodologies include earned value management. The IPMD initiates and leads program management improvement initiatives with the DoD and other federal agencies for the mutual benefit of the Industrial base and the government to understand and adapt to changes in the procurement environment.

## OUR OBJECTIVE

Provide thought leadership in Integrated Program Management (IPM). The Division achieves this by conducting forums and meetings to advance IPM practices as well as providing and publishing industry perspectives on IPM topics. As the author and steward of the EIA-748 Standard for Earned Value Management Systems (EVMS), the Division also creates and maintains industry standards and guides.

Collaborate with key stakeholders. The Division proactively engages and participates with government, industry executive leadership, industry groups, academia, and other entities to foster the advancement of IPM.

## DIVISION AND EVENT PARTICIPATION

Opportunities to interact with government policymakers to gain a better understanding of their mission and comment on proposed regulatory changes. You gain first-hand information on current topics such as impending policy, leadership, regulatory, or process changes that can affect programs.

Broaden your professional network working with industry leaders, organization leaders from a variety of sectors such as civilian agencies and DoD services, as well as other related program management disciplines such as systems engineering.

Meet and seek advice from experts or share program management best practices with industry and government counterparts.

Contribute to industry guides, white papers, and working groups. The IPMD working groups are the best way for you to get involved and gain the most from the IPMD meetings. Formed and disbanded as needed, the working groups proactively address current issues.

# EVENT INFORMATION

## LOCATION

Hurst Conference Center  
1601 Campus Drive  
Hurst, TX 76054

## LODGING

Hilton Garden Inn Dallas at Hurst Conference Center  
1615 Campus Drive  
Hurst, Texas, 76054

## EVENT WEBSITE

[NDIA.org/IPMFall18](http://NDIA.org/IPMFall18)

## SPEAKER GIFTS

In lieu of speaker gifts, a donation is being made to the Fisher House Foundation.

## HARASSMENT STATEMENT

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

LUMIERE BALLROOM  
**Dale Gillam**  
Chair, NDIA IPM Division

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

# VENUE MAP

## THANK YOU TO OUR SPONSOR

**BELL**

**ABOVE AND BEYOND FLIGHT**

We are pioneers. We were the first to break the sound barrier and to certify a commercial helicopter. We were aboard NASA's first lunar mission and brought advanced tiltrotor systems

to the market. Today, we're defining the future of on-demand mobility and vertical lift.

For decades, Bell has made its name known by building aircraft that saves lives. Rapidly delivering and retrieving warfighters in extreme, challenging environments. We've been developing agile machinery built for fast transport and swift movement for a while.

But creating the next-generation of vertical lift products means thinking above and beyond flight. When it comes to developing the world's first air taxi or producing life-saving commercial and

military aircraft, we have the innovative minds and the relentless drive to revolutionize search and rescue operations, business travel and vertical takeoff and lift. And we are just getting started.

"To be an iconic company with superb talent, rapidly creating novel and coveted vertical lift experiences."

Thinking above and beyond is what we do. For more than 80 years, we've been reimagining the experience of flight – and where it can take us.

Headquartered in Fort Worth, Texas – as a wholly-owned subsidiary of Textron Inc., – we have strategic locations around the globe ready to support you.

Wherever you are.

# PARKING

## PARKING REGULATIONS

- The center provides parking at no charge. Parking spaces are just steps from a facility entrance.
- Vehicles presenting “Accessible or Handicap” passes or license plates may park at no charge.
- All accessible parking spaces are located in the Lower Level Parking Garage and all levels of the Parking Deck
- Overnight parking on Hurst Conference Center property is prohibited.
- The HCC reserves the right to tow, at owner’s expense, any vehicle blocking identified Fire Lanes, loading docks, non-designated areas (i.e. parking aisles), and other areas designated for special use.
