NDIA Affiliates

National Training and Simulation Association (NTSA)

President
 RADM James A. Robb, USN (Ret.)
 (703)247-2569
 jrobb@ndia.org

The National Training and Simulation Association is an affiliate of the National Defense Industrial Association. NTSA provides the training, simulation, related support systems and training services industries a focused, formal organization to represent and promote their business interests in the market place. The Association provides a forum to communicate the full capability and broad characteristics of all of the elements of training systems and services to include associated support services.
www.trainingsystems.org

Precision Strike Association (PSA)

Associate Director of Membership
 PSA, NDIA
 Zoila Martinez
 (703)247-2565
 zmartinez@ndia.org

The Precision Strike Association is an affiliate of the National Defense Industrial Association. PSA is a world class organization dedicated to advancing the art and science of precision engagement concepts and technologies. The Association focuses on DoD's Kill Chain by supporting the development of systems that find, fix, track, target, attack, and assess hard and soft targets. PSA is a coalition of military, government, academic and industrial subject matter experts.
www.precisionstrike.org

Women In Defense (WID)

WID Executive Director

WID cultivates and supports the advancement and recognition of women in all aspects of national security. WID was established to provide women a formal environment for professional growth through networking, education, and career development.

NDIA engages thoughtful and innovative leaders to promote the best policies, practices, products and technology for warfighters and others who ensure the safety and security of our nation.

- *Champion* issues that contribute to the strength, resiliency and capacity of the industrial base
- *Build* a vigorous, responsive and collaborative community in support of defense and national security
- *Convene* legal and ethical forums for exchanges for ideas, information, viewpoints and capabilities
