<u>Title</u>	Update to Contract Performance Assessment Reporting System						
<u>Synopsis</u>	implement changes regarding the Past Performance Information Retrieval System (PPIRS). This rule establishes that the Contract Performance Assessment Reporting System (CPARS) is the official system for past performance information. Effective January 15, 2019, PPIRS was officially retired to conclude its merger with the CPARS. Data from PPIRS has been merged into CPARS.gov, making CPARS the official system for past performance information. This merge simplifies functions such as creating and editing performance and integrity records, changes to administering users and running reports, generating performance records, and viewing/managing performance records. Users will now have one location and one account to perform all functionality.

Title	Exception From Certified Cost or Pricing Data Requirements—Adequate Price Competition						
Synopsis	DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to provide guidance to DoD, NASA, and the Coast Guard, consistent with a section of the National Defense Authorization Act for Fiscal Year 2017 that addresses the exception from certified cost or pricing data requirements when price is based on adequate price competition. DoD, GSA, and NASA are proposing to provide a separate standard for “adequate price competition” in the FAR, applicable only to DoD, NASA, and the Coast Guard, consistent with the requirements of section 822 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2017 (Pub. L. 114–328). Setting forth the separate standard for DoD, NASA, and the Coast Guard in the FAR provides a top-level framework to facilitate consistent implementation of section 822 at the agency level by DoD, NASA, and the Coast Guard. Section 822 modifies 10 U.S.C. 2306a, the Truth in Negotiations Act, which is applicable only to DoD, NASA, and the Coast Guard. Section 822 limits the price based exception for on adequate price competition to circumstances in which there is adequate competition that results in at least two or more responsive and viable competing bids.
