**Chemical Biological
Defense Acquisition
Initiatives Forum (CBDAIF)**

September 10, 2009

Larry Wakefield
**Joint Program Executive Office for
Chemical and Biological Defense**
Larry.Wakefield@jpeocbd.osd.mil

Agenda 10:30 to 11:15AM

Report from JPEO-CBD Continued:

- **Government In-Sourcing Initiative**
- **Industrial Base Assessment**
- **Acquisition Reform Act**

Updates:

- **Small Business Utilization**
- **Laboratory BioSecurity**
- **Case Study – New Acquisition Process**

In-Sourcing Initiative

- **The Secretary of Defense Mandated Department of Defense in-Source all Contractor Man-Year Equivalent (CME) Positions Performing “Inherently Governmental” Functions**
- **The Purpose of In-sourcing is to Realign Resources to Decrease Funding for Contract Support and Increase Funding for New Civilian Manpower Authorizations**
- **JPEO-CBD was Directed to In-source a Total of 88 Positions in the Next 5 Years**
- **These Positions Will be Filled Competitively Through the Personnel System Using Open Announcements**

Industrial Base Assessment

- **Your Response to the Recent Surge and Supply Chain Management Industrial Base Survey Helps the JPEO-CBD to Ensure Industry Can Support Our Critical Capability Requirements**
- **The Survey Will Help Us Assess the Capacity of the Industrial Sector**
- **The Survey Will Allow Us to Assess the Need for Measures to Support the Industrial Base, Including:**
 - **Procurement to Support Multiple Manufacturers**
 - **Long Term Contracts to Protect Critical Sources and Technologies**
 - **Strategic Workload Planning and Partnerships**

Weapons System Acquisition Reform Act of 2009 Public Law 111-23

“I reject the notion that we have to waste billions of taxpayer dollars to keep this nation secure. When it comes to purchasing weapons systems and developing defense projects, the choice we face is between investments that are designed to keep the American people safe and those that are simply designed to make a defense company or a contractor rich.”

**President, Barack Obama
Weapon System Reform Act
May 22, 2009**

“... we must reform how and what we buy, meaning a fundamental overhaul of our approach to procurement, acquisition, and contracting...”

**Secretary of Defense, Robert M. Gates
Defense Budget Recommendation Statement**

Weapons System Acquisition Reform Act of 2009 Public Law 111-23

- **Weapons Systems Acquisition PROBLEM:**

- Excessive Cost Growth
- Requirements Creep
- Excessive Delays in Fielding

- **Public Law 111-23 SOLUTION:**

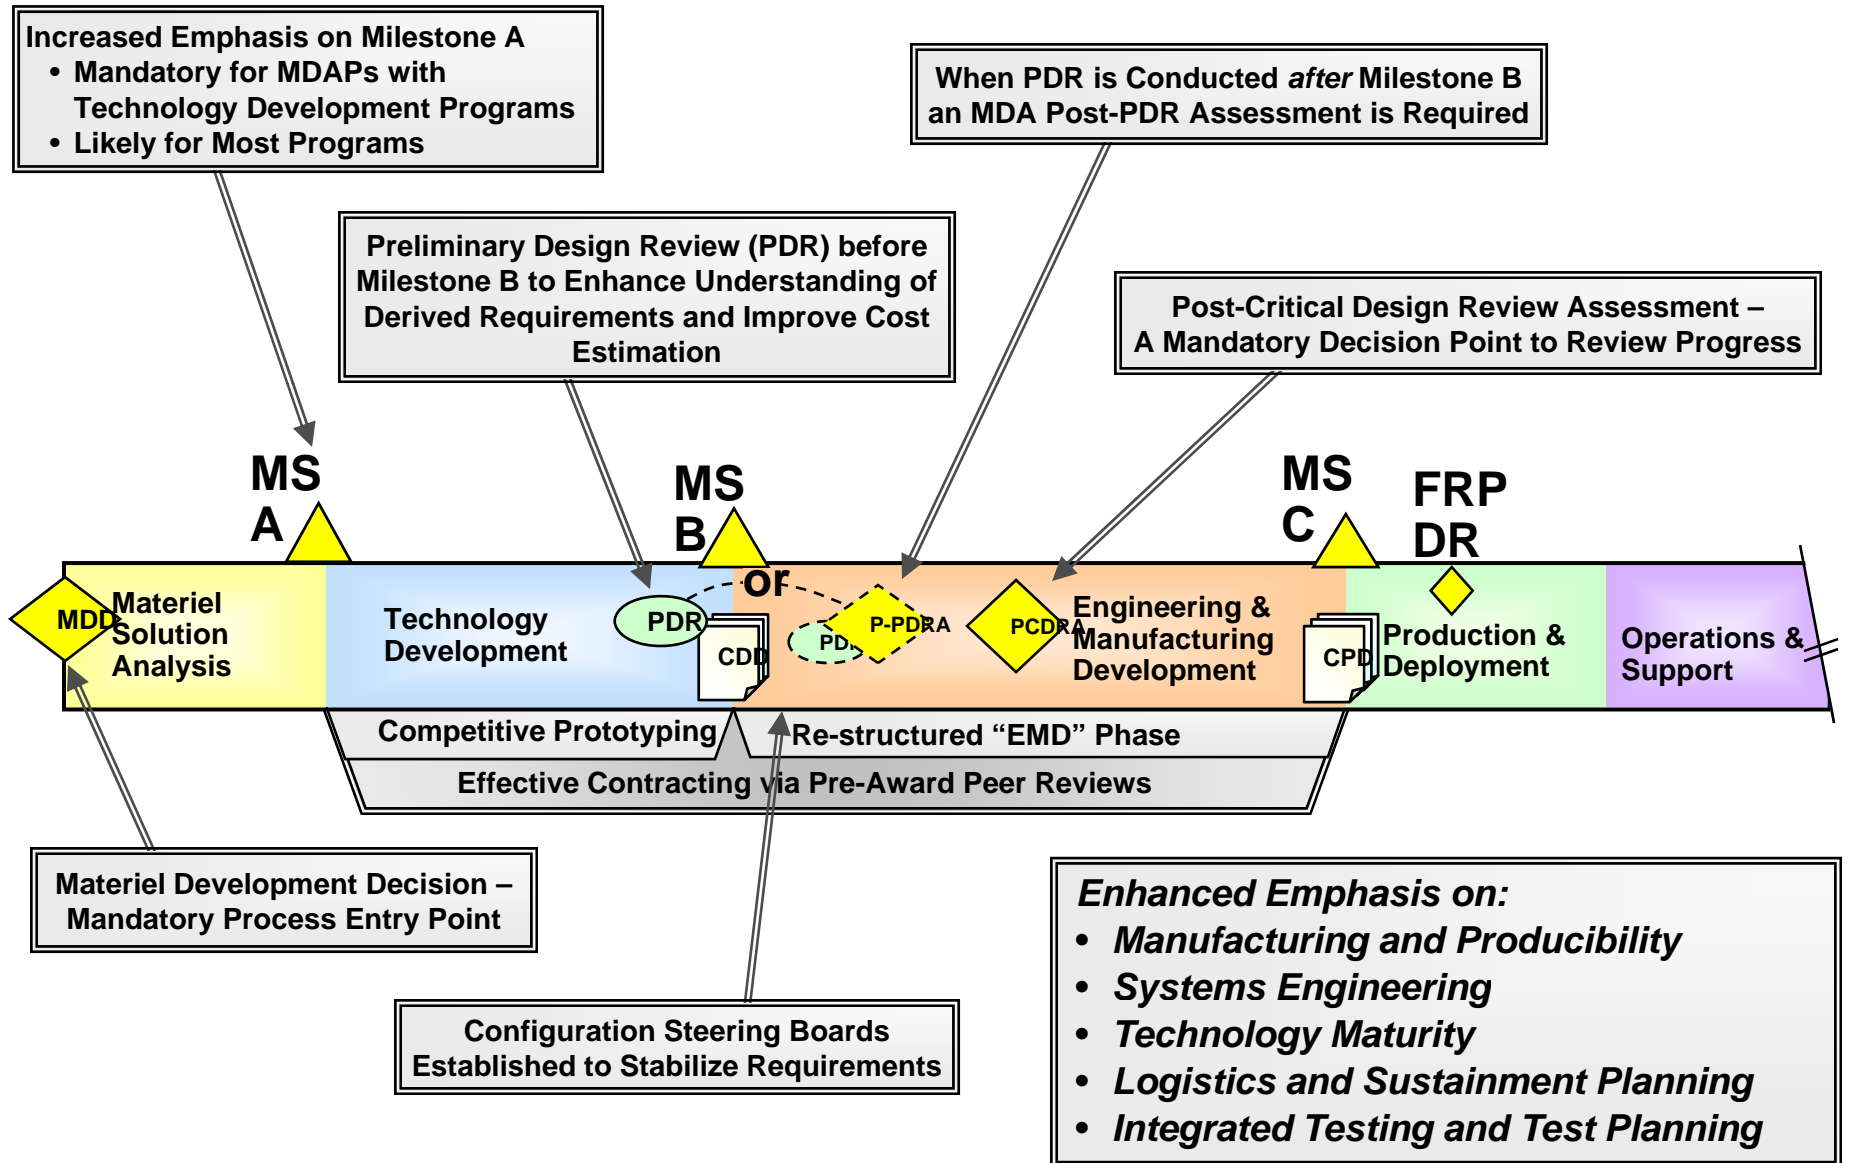

- Get Things Right From the Start
 - Sound Systems Engineering
 - Competitive Prototyping
 - Mature Technologies
 - Solid Cost-estimates
 - Early Developmental Testing

Codifies DoDI 5000.02 Intent in Statute

DoDI 5000.02, December 8, 2008

Key Acquisition Business Process Changes

Update: Small Business Utilization

- **Across Government in FY2008 All Contract Awards to Small Business were \$93B or 21.5% of \$434B**
- **DoD Awards to Small Business were \$62B of \$315B Awarded or 19.8%**
- **\$48M Prime Contracts Awarded to Small Business of \$647M Total JPEO-CBD Contracts Awarded or 7.4%**

MISSING PIECE - SUBCONTRACT AWARDS

- **We Believe that Subcontracts to Small Business are Significant but are Reported Directly to DCMA and Extracting this Information is Problematic**
- **Subcontract Awards by Prime Contractors Can be Captured by Requiring Reporting as part of the Prime Contract**

Update: Laboratory BioSecurity

Reports Due to be Released:

- **Executive Order Working Group Review of Personnel Security and Assurance Programs with Recommendations for New Legislation, Regulations, and Oversight**
- **Reports from the National Academy of Sciences and National Science Advisory Board for Biosecurity**

Update: Case Study – New Acquisition Process

- **Request for a Case Study Highlighting Application of the New Acquisition Process**
- **National Defense University Professors are Developing Several Case Studies for Instruction but Have Not Completed Any**
- **JPEO-CBD has Requested That NDU Provide Example Case Studies When They are Complete**
