

Remedial Construction
and
Non-Stockpile

John Ferriter

September 10, 2009

Sector Firms

- Battelle
 - EGG Technical Services
 - General Atomics
 - Parsons
 - Noblis
 - Shaw
 - Teledyne Brown Engineering
 - SAIC
-
- Action is to contact firms and update the sector

Possible Discussion Topics

- Organization Conflict of Interest
 - Will broad guidance be provided to Acquisition Centers and then Center policies be established?
- Will there be a push for greater “In-sourcing”?
 - Does this imply that the definition of Inherently Governmental be changing?
- Larger awards and competition at Task Order Level. Implications include:
 - increased cost to compete
 - possible roll-on and off of contracts
 - delay in task order award due to increased workload in acquisition centers.
