Military Surface Deployment & Distribution Command

BRAC MOVE

Scott Air Force Base, IL.

What it means to you!

BACKGROUND:

— The Base Realignment and Closure (BRAC) Commission of 2005, released on May 13 that:

-- HQ SDDC, Alexandria, VA., Ft. Eustis, VA., and SDDC Transportation Engineering Agency, Newport News, VA. would relocate to Scott AFB, IL.

-- Brings the Army component of U.S. Transportation Command to the same location, along with the Air Component, Air Mobility Command.

SDDC employees have access to information about Scott AFB and surrounding areas at Transition Centers throughout the command.

SDDC's Temporary Modular Building being built at Scott Air Force Base, IL.

SDDC'S MOVE PROGRESS:

— Move will be executed in two phases:

-- Phase 1 established Advanced Party Team - August 2006.

-- HQ SDDC, Alexandria, VA., SDDC Transportation Engineering Agency, Newport News, VA., and sections of HQ SDDC, Ft. Eustis, VA, move June through October 2007.

-- Phase 2, remainder of HQ SDDC from Ft. Eustis – September 2010.

BOTTOM LINE:

— An exciting time for SDDC. This is the optimal location for the command to relocate and continue working with its military and commercial partners.

— As always, SDDC will continue providing tailored and agile capability and sustainment solutions that meet the Warfighter's requirements.
