

Strength through Industry & Technology

# *Robotics Division*

# *Integration Committee*

# *27 February 2007*

*The Voice of the Industrial Base*

## *Integration Committee Mission*

**Identify and pursue areas of collaboration between Robotics and:**

- Other unmanned system communities
- Manned systems
- Humans

**Identify integration barriers that prevent robotics from being fielded:**

- Standards
- Infrastructure
- Fielding support

# Integration Committee Products

**Dedicated session within annual conference**

- Collaborative operations
  - Robotics with other unmanned systems
  - Robotics with manned systems
  - Robotics with people
- Common technologies, products, approaches

**Identify speakers for Robotics Division meetings**
