# EHM COMMITTEE

## OSD MEETING

- EHM Committee Leadership (Howard Savage, Chris Reisig, Dennis Hecht) and Les Orledge (ATC) met with Steve Karl, who reports to John Johns (ADUSD(L&MR)MPP)
- Steve has formulated a task for the EHM committee
  - Identify metrics for embedded diagnostics, prognostics and training
  - Compare diagnostic metrics between commercial automobile and aircraft with military weapons systems
  - Determine research tools that are available for collecting and reporting the metrics
- An OSD WG with services participation may be planned to provide focus on diagnostic metrics
- Steve is concerned for the troops readiness
  - Good Diagnostics is essential for them to return platforms to the battle ASAP
- Steve Karl is assuming responsibility for the CBM+ AG from Greg Kilchenstein
- Chris Reisig will lead this task for the EHM committee with ATC support
