DoD Automatic Test Systems Executive Directorate (ATS ED)

- Chairman of the DoD ATS Management Board (AMB) starting tomorrow will be Capt Fred Hepler
- New Air Force Principal AMB member now is Col Mike Senseney
- DoD ATS Management Board (AMB) met 30 March 2011
- We are still working with the organizers of the Nov 2011 DoD Maintenance Symposium to add “Automatic Test Systems” as a topic
- On 23 May updated the DoD ATS ED’s sponsor OSD, Mr. John Johns
 - All AMB Principals attended
 - Our accomplishments and actions were very well received
 - We were asked to continue

DoD ATS ED - Key Actions

- MIL-PRF-32070 in Specs and Standards Office for release
- Developing a handbook for TPS life cycle management
- Working towards a standard next generation TPS development environment and run-time system
- Very successful “Industry Test Technology Days” May 10-13
 - All DoD’s services represented
 - About 20 companies participated
 - Tremendously useful to the DoD ATS ED functions
