STOC II – Where Are We Today?

- **Awarded 27 Jan 09**
- **205 contracts in two lots...144 contractors**
- **Working with USAF customers (AETC, ACC) to place requirements on STOC II contracts**
- **Evolving template-based interfaces to streamline and simplify execution**

STOC II User's Guide

- **Published 22 Apr 09**
- **Internal procedural guide**
- **Available on PEO STRI Business Opportunity Portal**
- **Living document**

STOC II – What's Next?

- Brief external customers (USAF, USN, JFCOM, etc.)
- Follow current acquisition policies and procedures to execute new delivery orders/task orders
- By 1 Sep 09, transition to new automated Business Opportunities Portal (BOP) and Contract Opportunity System (COS)

Description

PEO STRI has the basic requirements for IP&T. This Indefinite Delivery Indefinite Quantity contract will meet the needs of U.S. Government entities to support requirements for Analyses specific to human performance improvement interventions, Courseware and Interactive Multimedia Instruction (IMI), Training devices designed, developed, tested, and verified, Design, installation, and implementation of Automated Electronic Classrooms and Infrastructure support for distributed training and PC based simulations. This effort may have split responsibility with the CSG managing the PEA and a PM for the IMI piece.

Acquisition Strategy

- Multiple Award IDIQ contract, 5 years desired. \$100M Ceiling
- Prime Contractors: Expect 5 to 8
- Preference: 100% Small Business Set Aside

Iraqi Defense Forces Mi-17V5 Simulator

PEO
STRI

Description

PEO STRI intends to procure a Mi-17 Level 5 Flight Training Device (FTD) for the Iraqi Air Force. Actual FAA certification will not be required. Operator and maintenance manuals, written in English, and spare parts to support the device for one full year beginning at the Ready for Training (RFT) date, will be procured concurrent with the FTD. Contractor Logistics Support (CLS), for both maintenance and supply, will also be procured for a period of one year. Delivery of the device directly to Iraq will be accomplished by commercial transportation at contractor's expense. Options for one additional device and one additional year of CLS will be part of the initial contract.

Acquisition Strategy

- FY09 Small Business Set Aside (FAR Part 12)

Funding

- NTE \$ 3.8M
- Iraqi Security Forces Funded
