

| ID   | Abstract Title   |
|------|--|
|      | Leveraging CMMI® for Acquisition to Improve Organizational   |
| 8741 | Workforce Performance  |
| 8764 | Predicting Quality   |
| 8775 | Risk Management and Beyond   |
| 8787 | Improving Process Institutionalization through Process Training<br>Benefits to the Evolution of High Maturity Software                     |
| 8806 | Development: A 15 Year Case Study  |
| 8811 | CMMI® Risk Management Practices in Small - Medium Businesses   |
| 8871 | MSI Execution: Change Happens, How to Deal with It<br>How CMMI® Was Used for Process Improvement in the Support of                         |
| 8907 | Government-Wide Acquisition Contract (GWAC) Vehicles   |
| 8909 | Consistency in Quality Assessments   |
| 9105 | A Step-by-step Tutorial on Planning and Implementing a Credible CMMI® Appraisal  |
| 9106 | The Uses of the Peer Review beyond CMMI®<br>Implementing Requirements Management To Deliver Life Cycle Software Solutions                  |
| 9114 | That Ensure Warfighting Superiority and Information Dominance: How We Moved The Rock   |
| 9116 | Changing Behavior: The key to adoption of complex process technology   |
| 9126 | CMMI® for Services: An Approach to Improve Your Program Management Office<br>Building Statistical Support for Organizational Innovation    |
| 9128 | and Deployment without impacting the innovation 'freedom'<br>Using the SCAMPI Method to lead CMMI® Multi-Constellations                    |
| 9129 | with Additional Standards Progress Check and Appraisal<br>Supporting the High Maturity Process   |
| 9130 | Improvement and Understanding the Application of SCAMPISM Method to it   |
| 9136 | Making the Most of GP3.2   |
| 9137 | ITIL V3.0 Compliance Benchmarking with CMMI®-SVC SCAMPI A  |
| 9138 | High Velocity Performance Improvement  |
| 9140 | Continuous Process Improvement Using Lean Six Sigma and CMMI®<br>Tools and Implementation Strategies for Process Improvement via CMMI® for |
| 9141 | Comprehensive Software Lifecycle Management  |
| 9143 | Using Moving Average Models to Predict Process Performance   |
| 9144 | Transitioning From a CMMI® Implementer to an Appraiser   |
| 9146 | Goal - Question - Model  |
| 9147 | Dynamic Program Schedule, Cost and Returns Analysis.   |
| 9148 | Use of Monte Carlo Simulation for a Peer Review Process Performance Model  |
| 9153 | After 13 years, I have learned... Tools do not solve your problems   |
| 9154 | Simplifying Lifecycle Definition Process   |
| 9163 | Picking the Right Process Improvements   |
| 9165 | Make PIIDs Easy -- No Surprises!   |
| 9167 | Lessons Learned Piloting the CMMI® for Services  |
| 9168 | How I Created Our Peer Review Baselines and Models<br>How to build and maintain a Software Center of Excellence based on seamless          |
| 9174 | integration of SEI Models of Excellence – CMMI®, TSP, PSP  |

Lessons Learned Using Earned Value Management System to Track Effort and  
Schedule Weekly at the Individual and Team Level

- 9177 and Be Able to Detect a One-Day Schedule Slip
- 9178 CMMI® Process Improvement: Its not a technical problem, its a people problem!
- 9179 Work On Your Engineering Business, Not In It.
- 9181 Are you doing R&D, or Catch-up & D? Are you Building Software, or Hopeware?
- 9182 An Agile View of the CMMI®
- 9184 The Economics of CMMI®
- 9185 CMMI® Economics 101: CMMI® for Executives
- 9187 Level 5 the hard way – Persevering through organizational changes
- 9189 CMMI® Economics 202: Appraisals
- 9190 CMMI® Economics 501: High Maturity  
Interpretation and lesson learned from high maturity
- 9196 implementation of CMMI®-SVC
- 9197 Got People? Need P-CMM!
- 9199 Applying CMMI® to other Disciplines
- 9200 My Name's Tom. My Processes are Broken
- 9202 Statistical Tune-Up of the Peer Review Process
- 9203 How Rocket Scientist Implement High Maturity  
Everything You Wanted to Know About CMMI®
- 9204 and Six Sigma but Did Not Know Who to Ask
- 9213 QPMing your SEPG
- 9214 Hi, my name is Root Cause Analysis. Have we met?
- 9216 ABCs of Process Performance Models
- 9217 A Taxonomy of CMMI® High Maturity Performance Models
- 9223 We're Already There: Matching Existing High Maturity Behaviors to the CMMI® Model
- 9225 Practical Report: CMMI® Measurements and Analysis based on Agile (Scrum) Method
- 9226 Software Estimation Bootcamp  
The ABC's of Class C, Class B, Class A's: Metrics and Lessons Learned from
- 9227 Appraisal Event Scheduling  
Practical Experience Report: Application of Project Management areas from
