

AWARD NOMINATION FORM

RADM ROBERT H. GORMLEY AIR COMBAT SURVIVABILITY AWARD FOR LEADERSHIP

This award is presented to a person who has made major leadership contributions to combat survivability over an extended period of time. Candidates must have demonstrated outstanding leadership in enhancing overall survivability or played a significant role in a major aspect of survivability design, program management, research and development, test and evaluation, modeling and simulation, education, or standards development. This award emphasizes demonstrated superior leadership over an extended period of time.
