

NDIA Divisions

NDIA's Divisions represent a wide range of robust technical, warfare, and policy groups that network with government to address current defense issues. These organizations drive the future of defense through education, access, and collaboration. Follow the links below to learn more about the activities, missions, and contacts of NDIA's Divisions.

Air Combat Survivability

Addresses all aspects of susceptibility reduction and vulnerability reduction in military and civil aviation.

NDIA.org/Divisions/Air-Combat-Survivability

Cybersecurity

Facilitates industrial, governmental, and academic interaction on issues related to cybersecurity implementation.

NDIA.org/Divisions/Cybersecurity

Human Systems

Promotes the exchange of information and the expansion of research on enhancing human performance in all environments and domains.

NDIA.org/Divisions/Human-Systems

Armaments

Provides a forum for the assessment, discussion, integration, and evolution of armament technology and systems.

NDIA.org/Divisions/Armaments

Electronics

Leads the evaluation of current and future challenges related to accessing trusted and assured electronics.

NDIA.org/Divisions/Electronics

Integrated Precision Warfare (IPW)

Provides a forum for disparate kill chain experts to convene and collaborate to advance the art and science of precision engagement.

NDIA.org/IPW

Chemical, Biological, Radiological, and Nuclear (CBRN) Defense

Promotes the exchange of information related to defense against weapons of mass destruction.

NDIA.org/Divisions/CBRN

Expeditionary Warfare

Coordinates the identification, study, and resolution of issues related to expeditionary warfare and force protection.

NDIA.org/Divisions/Expeditionary-Warfare

Integrated Program Management Division (IPMD)

Initiates and leads program management initiatives, guides, and standards with DoD and other federal agencies.

NDIA.org/Divisions/IPMD

Cyber-Augmented Operations

Focuses on emerging technologies and applications that maintain U.S. technological superiority for military operations.

NDIA.org/Divisions/Cyber-Augmented-Operations

Health Affairs

Fosters innovations in legislation, policy, and technology related to care for our nation's heroes and their families.

NDIA.org/Divisions/Health-Affairs

International

Enables member companies to maintain currency in diverse areas of international defense cooperation and trade.

NDIA.org/Divisions/International

Logistics Management

Provides DoD with collective industry viewpoints, recommendations, and advice on logistics support and sustainment for the warfighter.

NDIA.org/Divisions/Logistics

Science & Engineering Technology

Coordinates discussions of the nation's defense needs by examining capabilities and deficiencies in defense research and development.

NDIA.org/Divisions/Science-and-Engineering-Technology

Systems & Missions Engineering (S&ME)

Engages with DoD and the military on advancing the practice of systems, digital, and mission engineering.

NDIA.org/Divisions/Systems-Engineering

Manufacturing

Advocates national support for advanced manufacturing for defense programs and systems.

NDIA.org/Divisions/Manufacturing

Security & Counterintelligence

Represents member companies' interests in all matters regarding industrial security.

NDIA.org/Divisions/Security-and-Counterintelligence

Tactical Wheeled Vehicles

Fosters communication and interaction between industry, government, and the military in automotive activities.

NDIA.org/Divisions/Tactical-Wheeled-Vehicles

Munitions Technology

Maintains an open exchange of technical information among government and industry programs and managers.

NDIA.org/Divisions/Munitions-Technology

Small Business

Assists small businesses with strategies for teaming and subcontracting with large companies to grow and maintain a strong and diverse defense industrial base.

NDIA.org/Divisions/Small-Business

Technical Information (TID)

Addresses all aspects of technical documentation from concept to dissemination and manages the NDIA CDM certification.

NDIA.org/Divisions/Technical-Information

Procurement

Discusses sound and practicable procurement and acquisition policies and procedures related to partnerships between government and industry.

NDIA.org/Divisions/Procurement

Space

Highlights national security space issues, solutions, and leadership.

NDIA.org/Divisions/Space

Test & Evaluation

Promotes an informed dialogue between industry and government representatives on defense test and evaluation issues.

NDIA.org/Divisions/Test-and-Evaluation

Robotics

Focuses on national security-related applications of robotic technology.

NDIA.org/Divisions/Robotics

Special Operations/Low-Intensity Conflict (SO/LIC)

Champions concerns of the SO/LIC community and facilitates contact between industry and practitioners.

NDIA.org/Divisions/SOLIC

Undersea Warfare

Concentrates on the Navy's key mission of countering submarine and mine threats to seaborne commerce and U.S. power projection.

NDIA.org/Divisions/Undersea-Warfare
