NDIA's Divisions represent a wide range of robust technical, warfare, and policy groups that network with government to address current defense issues. These organizations drive the future of defense through education, access, and collaboration. Follow the links below to learn more about the activities, missions, and contacts of NDIA's Divisions.

**Armaments**
Provides a forum for the assessment, discussion, integration, and evolution of armament technology and systems.
[NDIA.org/Divisions/Armaments](http://NDIA.org/Divisions/Armaments)

**Chemical, Biological, Radiological, and Nuclear (CBRN) Defense**
Promotes the exchange of information related to defense against weapons of mass destruction.
[NDIA.org/Divisions/CBWN](http://NDIA.org/Divisions/CBWN)

**Combat Survivability**
Addresses all aspects of susceptibility reduction and vulnerability reduction in military and civil aviation.
[NDIA.org/Divisions/Combat-Survivability](http://NDIA.org/Divisions/Combat-Survivability)

**Cyber-Augmented Operations**
Focuses on emerging technologies and applications that maintain U.S. technological superiority for military operations.

**Cybersecurity**
Facilitates industrial, governmental, and academic interaction on issues related to cybersecurity implementation.
[NDIA.org/Divisions/Cybersecurity](http://NDIA.org/Divisions/Cybersecurity)

**Cyber-Augmented Operations**
Focuses on emerging technologies and applications that maintain U.S. technological superiority for military operations.

**Electronics**
Leads the evaluation of current and future challenges related to accessing trusted and assured electronics.
[NDIA.org/Divisions/Electronics](http://NDIA.org/Divisions/Electronics)

**Expeditionary Warfare**
Coordinates the identification, study, and resolution of issues related to expeditionary warfare and force protection.
[NDIA.org/Divisions/Expeditionary-Warfare](http://NDIA.org/Divisions/Expeditionary-Warfare)

**Health Affairs**
Fosters innovations in legislation, policy, and technology related to care for our nation's heroes and their families.
[NDIA.org/Divisions/Health-Affairs](http://NDIA.org/Divisions/Health-Affairs)

**Human Systems**
Promotes the exchange of information and the expansion of research on enhancing human performance in all environments and domains.
[NDIA.org/Divisions/Human-Systems](http://NDIA.org/Divisions/Human-Systems)

**Integrated Precision Warfare (IPW)**
Provides a forum for disparate kill chain experts to convene and collaborate to advance the art and science of precision engagement.
[NDIA.org/IPW](http://NDIA.org/IPW)

**International**
Enables member companies to maintain currency in diverse areas of international defense cooperation and trade.
[NDIA.org/Divisions/International](http://NDIA.org/Divisions/International)

**Integrated Program Management Division (IPMD)**
Initiates and leads program management initiatives, guides, and standards with DoD and other federal agencies.
[NDIA.org/Divisions/IPMD](http://NDIA.org/Divisions/IPMD)

**Visit ndia.org for more information on all of our meetings, conferences, and events**

<thead>
<tr>
<th>Division</th>
<th>Description</th>
<th>NDIA.org/Divisions/Link</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Logistics Management</strong></td>
<td>Provides DoD with collective industry viewpoints, recommendations, and advice on logistics support and sustainment for the warfighter.</td>
<td>NDIA.org/Divisions/Logistics</td>
</tr>
<tr>
<td><strong>Science &amp; Engineering Technology</strong></td>
<td>Coordinates discussions of the nation’s defense needs by examining capabilities and deficiencies in defense research and development.</td>
<td>NDIA.org/Divisions/Science-and-Engineering-Technology</td>
</tr>
<tr>
<td><strong>Systems &amp; Missions Engineering (S&amp;ME)</strong></td>
<td>Engages with DoD and the military on advancing the practice of systems, digital, and mission engineering.</td>
<td>NDIA.org/Divisions/Systems-Engineering</td>
</tr>
<tr>
<td><strong>Manufacturing</strong></td>
<td>Advocates national support for advanced manufacturing for defense programs and systems.</td>
<td>NDIA.org/Divisions/Manufacturing</td>
</tr>
<tr>
<td><strong>Security &amp; Counterintelligence</strong></td>
<td>Represents member companies’ interests in all matters regarding industrial security.</td>
<td>NDIA.org/Divisions/Security-and-Counterintelligence</td>
</tr>
<tr>
<td><strong>Tactical Wheeled Vehicles</strong></td>
<td>Fosters communication and interaction between industry, government, and the military in automotive activities.</td>
<td>NDIA.org/Divisions/Tactical-Wheeled-Vehicles</td>
</tr>
<tr>
<td><strong>Munitions Technology</strong></td>
<td>Maintains an open exchange of technical information among government and industry programs and managers.</td>
<td>NDIA.org/Divisions/Munitions-Technology</td>
</tr>
<tr>
<td><strong>Small Business</strong></td>
<td>Assists small businesses with strategies for teaming and subcontracting with large companies to grow and maintain a strong and diverse defense industrial base.</td>
<td>NDIA.org/Divisions/Small-Business</td>
</tr>
<tr>
<td><strong>Technical Information (TID)</strong></td>
<td>Addresses all aspects of technical documentation from concept to dissemination and manages the NDIA CDM certification.</td>
<td>NDIA.org/Divisions/Technical-Information</td>
</tr>
<tr>
<td><strong>Procurement</strong></td>
<td>Discusses sound and practicable procurement and acquisition policies and procedures related to partnerships between government and industry.</td>
<td>NDIA.org/Divisions/Procurement</td>
</tr>
<tr>
<td><strong>Space</strong></td>
<td>Highlights national security space issues, solutions, and leadership.</td>
<td>NDIA.org/Divisions/Space</td>
</tr>
<tr>
<td><strong>Test &amp; Evaluation</strong></td>
<td>Promotes an informed dialogue between industry and government representatives on defense test and evaluation issues.</td>
<td>NDIA.org/Divisions/Test-and-Evaluation</td>
</tr>
<tr>
<td><strong>Robotics</strong></td>
<td>Focuses on national security-related applications of robotic technology.</td>
<td>NDIA.org/Divisions/Robotics</td>
</tr>
<tr>
<td><strong>Special Operations/Low-Intensity Conflict (SO/LIC)</strong></td>
<td>Champions concerns of the SO/LIC community and facilitates contact between industry and practitioners.</td>
<td>NDIA.org/Divisions/SOLIC</td>
</tr>
<tr>
<td><strong>Undersea Warfare</strong></td>
<td>Concentrates on the Navy’s key mission of countering submarine and mine threats to seaborne commerce and U.S. power projection.</td>
<td>NDIA.org/Divisions/Undersea-Warfare</td>
</tr>
