EVM System Acceptance Guide

Recap of IPMC 2007 Workshop

NDIA PMSC Meeting

April 29, 2008

Prepared by:
Buddy Everage, SM&A
April 2008

EVMS System Acceptance Guide Background

❑Working Group formed August 2004

❑Coordination meeting at IPMC, Nov. 2004

❑White Paper written December 2004

❑Workshop – CPM 2005

❑Draft Guide distributed to team for review and comments - Jul/Aug 2005

❑Review of comments and revision of draft Guide – Sep/Dec 2005

❑Coordinate with the Application Guide team – Sep/Dec 2005

❑NDIA PMSC review/approval of Guide – Jan-May 2006

❑NDIA PMSC Executive Committee review – May/Jun 2006

❑Final Approval for Publication – Jun - Oct 2006

❑Publish Guide – Nov 2006

EVMS System Acceptance Guide Purpose

Develop a methodology for System Acceptance that the system owner can accomplish the following:

❑ **Understand the need for and effectively design an EVMS**

❑ **Evaluate whether the EVMS is capable of meeting the intent of the ANSI/EIA 748**

❑ **Implement successfully the EVMS on the requiring acquisition**

❑ **Prepare and provide documentation that substantiates implementation**

❑ **Obtain EVMS compliance recognition that will satisfy current and future requirements for an approved EVMS**

- Introduce the Guide to those who may not be aware of its existence

- Determine acceptance among non-DoD (Civilian) agencies

- Determine level of use

- Determine reasons for non-acceptance or non-use

- Limited acceptance and use among non-DoD (Civilian) agencies

  - Of those in attendance only two agencies indicated that they have or are currently using the Guide

- Reasons cited for non-acceptance/use

  - Agency Acceptance Authority not identified

  - EVM Maturity of agency

    - EVM knowledge & experience

- Other issues/concerns surfaced during the Workshop

  - Accounting considerations (Gov't accounting systems do not support an EVMS)

  - Who pays for the Compliance Evaluation Review (CER) Team?

  - Acceptance of current validations

  - Acceptance Plans by agencies

  - Development of internal organizations to conduct CERs / surveillance reviews

  - Role of CAO Council and OMB?

    - OMB follow up?

6

- Some of the previously mentioned issues/concerns have and are being addressed by the Joint Industry/Civilian Agency Working Group

  - PMSC should continue to work these issues through the Industry/Civilian Agency Working Group

- DCMA has alleviated some agency's concerns by entering into MOUs to provide validation and surveillance support
