

Civilian Agency Industry Working Group: Progress Through Partnership

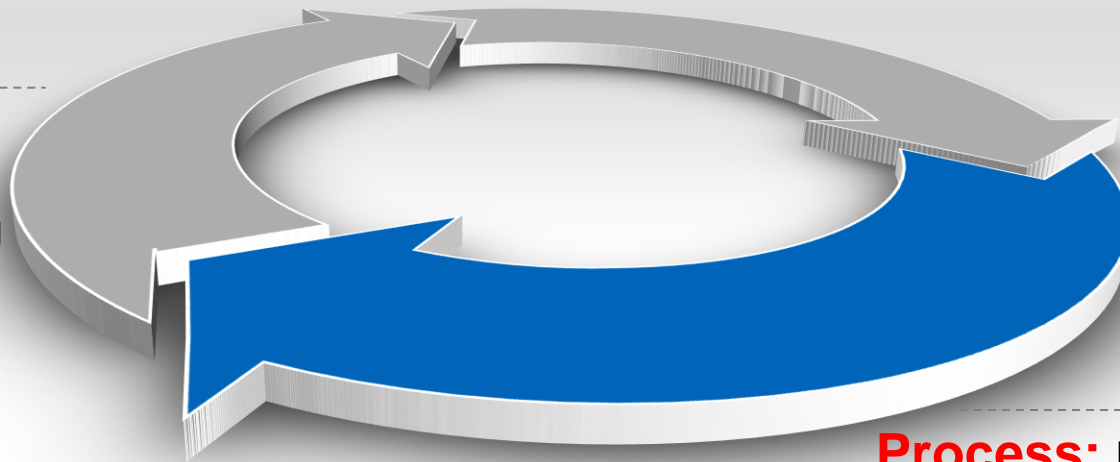

**NDIA Program Management Systems
Committee (PMSC)
Columbus, Ohio
Battelle
August 14-15, 2012**

CAIWG Purpose, Goals, Process

Goals: Select concrete proposals and ideas, implement them and measure value, and promote them widely

Purpose:

Promote best practices, sharing and common efforts that demonstrate real (measurable) value to the Civilian Agencies and Industry

Process: Reach out widely to all segments of project management, acquisition, and best practice community, share information and socialize results

CAIWG Leadership Transfer

- Federal government CAIWG leadership is transferring from Bob Rovinsky at the FAA to Jerald Kerby at NASA.
- The FAA remains committed to strong and sustained support of this effort.
- There will be a meeting of the CAIWG on 25 Sept, 2012, at NASA HQ in Washington, DC. Logistics and the agenda published later this month.

**Revised CAIWG goals and progress will be briefed
at the Fall IPM Conference,
Bethesda, Maryland, October 29-31, 2012**

Common Themes/Opportunities

Reciprocity of EVMS Approvals:

- Seek opportunity to fast-track EVMS approvals/validation
- Recognize current DCMA backlog and whether or not Civilian Agencies can assist with expediting approvals
- Build cadre of approved consultants to conduct third-party EVMS approvals

How to Handle Not-for-Profits, Universities, etc.

- Not the normal commercial entity nor a government agency
- Academia is structured differently
