Air Force EVM Update

**Shannon House
SAF/AQXR
25 January 2012**

U.S. AIR FORCE

U.S. AIR FORCE

Updates Since Last Meeting

- **Created “150” level course for the centers to teach-working on deployment plan**
- **Acquired scheduling function**

U.S. AIR FORCE

EV-150

- **What does a new analyst need to know to do their job?**
- **Met with Center AF Focal Points to develop course- leveraged material that currently existed and filled in gaps**
- **Currently finishing edits and planning deployment to centers**
- **Discussing possibility of future courses for the centers (EV-250, Scheduling 150, etc)**

U.S. AIR FORCE

Scheduling

- **AQXR acquired scheduling function- policy, training etc**
- **Representative on PASEG Content Review Board**
- **IBRs/SRAs still retained by AQXC (AECO)**
- **In the process of solving scheduling training gaps**

U.S. AIR FORCE

Summary

- **Upcoming Initiatives**
 - **Deploy 150 course at a product center**
 - **Explore further course development**
 - **Look at scheduling training to identify gaps**
