Cum Element Performance Chart

Narrative Report

MOH-2 JAN 04 WBS Dollars [1000 : MOH-2]

Summary

This effort is behind schedule and over cost to date, and is projected to underrun at completion. This element's BAC of 20,796.2 represents 100.0% of the total contract budget. The estimate at completion appears to be optimistic. At least one OSD tripwire has been breached.

Performance to Date

The effort is behind schedule and over cost: 35.0% of the effort is scheduled to have been completed, while 32.9% has been completed, and 35.3% of the budget has been spent.

The SPI indicates that work equal to 94.1% of that planned has been accomplished.

The CPI indicates that for every dollar spent, 0.932 dollars of value have been earned.
