

STRENGTH THROUGH INDUSTRY & TECHNOLOGY

NDIA IPMD Surveillance Guide Update Working Group

30 April 2014

Robert Jennings & Dale Gillam

Scope and Primary Customers of the Surveillance Guide

- Primary Scope of the Guide:
 - This document provides surveillance process guidance and characteristics of successful EVMS surveillance programs.
- Primary Customers of the Guide:
 - It is intended to assist suppliers in the planning and execution of both internal surveillance and subcontractor surveillance, and to provide guidance for non-DoD organizations with EVMS oversight responsibility.
 - Suppliers planning their internal and subcontractor surveillance programs should refer to the latest customer surveillance guidance, for information on how the customer plans and conducts EVMS surveillance, to enable better coordination of their internal, subcontractor, and joint surveillance planning.

Guide Update Working Group Participants (26)

First Name	Last Name	Organization	Email	Phone
Raphael	Asafo-Agyei	L-3	Raphael.Asafo-Agyei@L-3com.com	513-204-7133

Key Points of Update

- IPMD Board Sponsors – Dan Butler, Randy Steeno, and Joan Ugljesa
- Initiative Charter defined
- Approach
 - Identify Gaps
 - Capture Revisions
 - Finalize Edits
- Quality Control
 - Book Boss
- Period of Performance: Feb 2014 + 1 Year [working to 8/14 completion*]
 - Kickoff on 4/17
 - Templates for Gaps/ Revisions posted to IPMD site mid-May
 - Periodic emails to larger stakeholder community to solicit input
 - WG Participants provide individual input and adjudicate input

Note: * Guide update schedule may be impacted by potential government practice updates.
