PROGRAM MANAGEMENT EXCELLENCE

- Program Planning & Scheduling
- R6σ Program Innovation
- Program Integration
- Program Management Development & Certification
- Performance Based Excellence

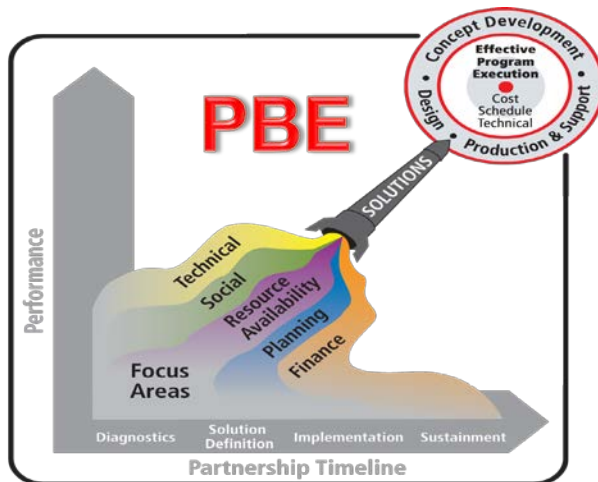

WHY?

Performance Based Excellence (PBE)

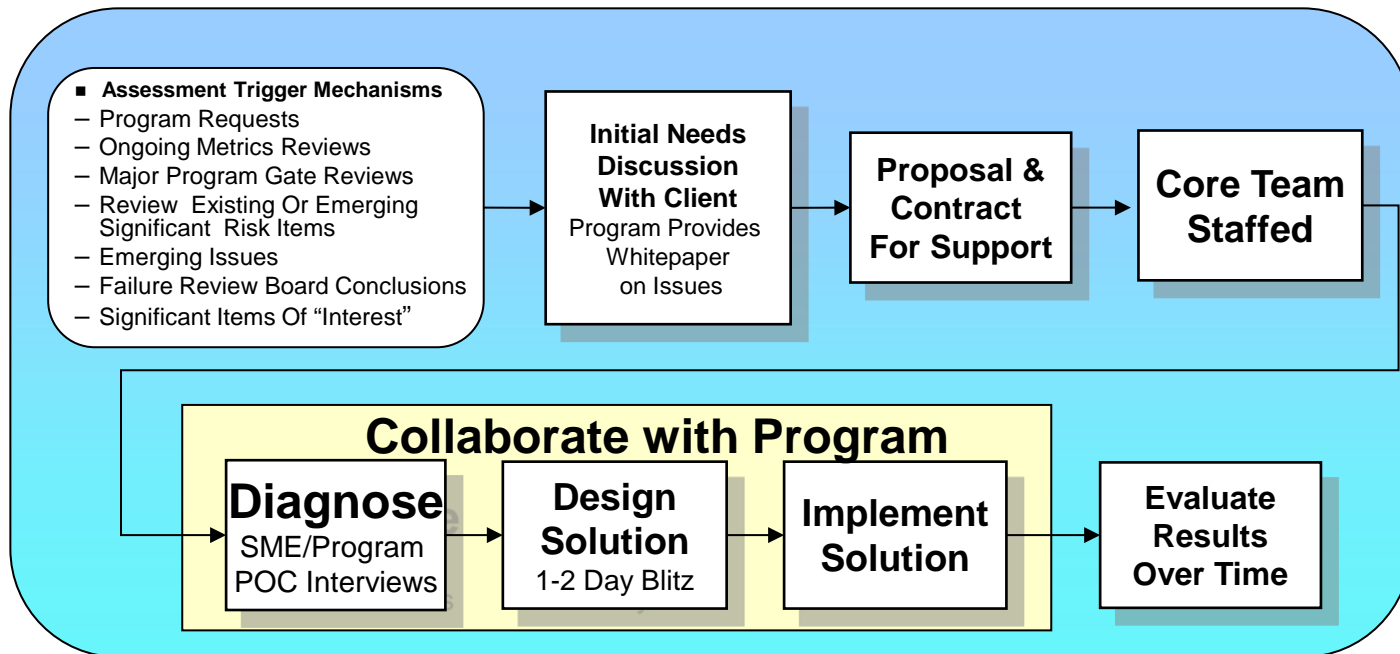

- Vision – To be a quick strike resource in supporting Programs and Functional Organizations in flawless execution by providing outside experts and “Best Practices” to lead to Solutions, Ideas or Resources.

- Mission – To provide RMS Programs with a positive return of investing in the PBE organization.

Internal Process (PBE)

- **Pulled** by Programs and Functional organizations to help solve systemic issues affecting program management and execution
- Leveraging expertise within the business to **solve** existing program issues and mitigate future issues
- Engagements and personnel are **tailored** to meet the needs and objectives of the program
- **Partnered** with the Office of the Chief Engineer for synergy and to minimize program impact

We Support Programs By Bringing Ideas, Resources And Solutions

Highlights of Completed Engagements (PBE)

- **Program I**

- Successfully submitted EM&D Proposal that was deemed a **model proposal**.
- Successfully teamed with PMO to structure a Program Start Up.

- **Program II:**

- Successfully implemented a PIA that:

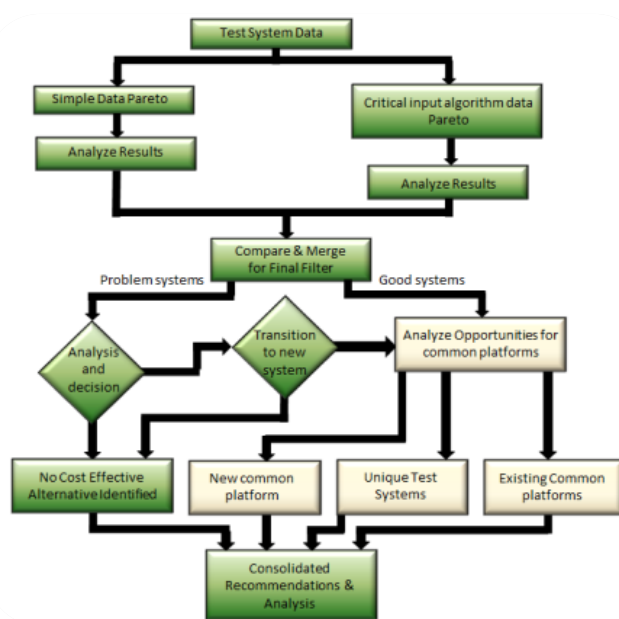

- Designed structure and strategy to **negotiate** PBL contract.
- Allowed collaboration with PMDC to execute the first use of IPT Boot Camp to train work force.
- Deployed (8) Subject Matter Experts to collaborate with the Program PMO and Customers.
- Quote from Deputy Director, ***“PMX is bringing the right resources at the right time for positive support of Programs”***.

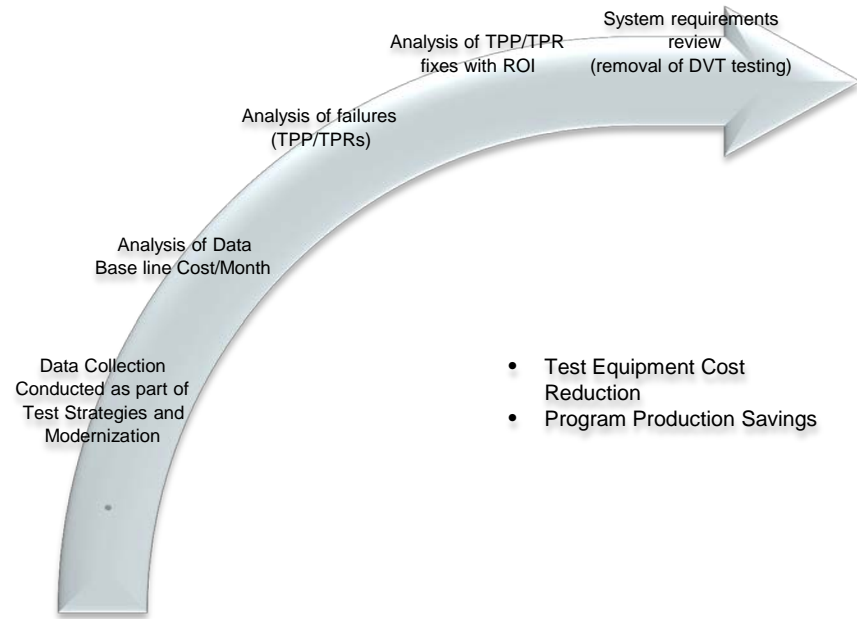

Highlights of Completed Engagements (PBE)

Test Affordability Initiative:

- Completed transition to Affordability Office September 2014.
- Projected continued savings in potential Cost Reduction Opportunities (CROs).

Test Affordability On Boarding Process

Test Affordability Return On Investment Model

Highlights of Current Engagements (PBE)

– Program III

- Working with Program Director and Leadership to design new Program structure to support new **Development Program**.
- Developed **“Best Practice” for Country Manager**.

– Production Gap “Best Practice” Management Approach

- Currently have 4 Large Production Programs in need of Gap Management approach.
 - PMX has (6) Senior Directors on the Review Panel.
 - The Bike Shop has been tremendous support for this activity.
