

IPMD Support Wanted for ongoing OSD Study

- **Objective:** OSD's systems engineering office is interested in understanding industry's business case for submitting value engineering change proposals (VECPs) on service contract
- **Approach:** The Institute for Defense Analyses (IDA) is interviewing companies on a not for attribution basis
 - Multiple perspectives sought – program, functional, supply chain, contracting, business development
 - Estimated interview length is 90 minutes
 - Interview template will be provided in advance
- **Timing:** Final report to be delivered by the end of June
- **IDA is seeking people/companies to be interviewed to support this effort**
 - Contacts made with Boeing, Lockheed Martin, Northrop Grumman, and Raytheon
- **Contact Jay Mandelbaum to participate**
 - jmandelb@ida.org and 703-845-2123
