A Guide to Managing Programs Using Predictive Measures

**September 2017 Update
Program Management
Working Group**

- **Program Management WG members reviewed the Predictive Measures Guide for currency and applicability**
- **Changes were generally small**
 - Minor wording changes
 - Instances where sentence structure was changed for clarity
 - Typo and formatting fixes

Major Changes

- Replaced “tripwires” with “measures”
- IEAC calculations corrected to properly use cumulative BCWP (not BCWP)
- Removed source material that could not be correlated to industry uses
- Removed Rayleigh Estimator section

Minor Changes

- **Acronyms updated – added missing items, edits for consistency with the NDIA Guides Master Definitions List**
- **Removed references to specific branded tools**
- **Changed CPR to IPMR throughout**
- **Contributors section modified for consistency with other NDIA documents**
- **Updated references**
