

Planning & Scheduling Excellence Guide (PASEG)

Refresh Status

Yancy Qualls, Scott LaFrance

“This guide provides the program management team, including new and experienced master planner/schedulers, with **practical approaches for building, using, and maintaining an Integrated Master Schedule (IMS). It also identifies knowledge, awareness, and processes that enable the user to achieve reasonable consistency and a standardized approach to project planning, scheduling and analysis.”**

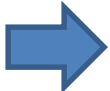

Content - Major Sections

- Generally Accepted Scheduling Principles (GASP)
- Leadership, Buy-in, and Commitment
- Schedule Architecture
- Schedule Modeling Techniques
- Cost and Schedule Resource Integration
- External Schedule Integration
