Ø Empower[™]

Actionable insight for complex projects

Formula

BCWP = ? ACWP

What is the CPI?

Formula

$BAC - BCWP_Cum = ?$

What is the BCWR?

Gary's There are many (maybe too many) Gary's in the EVM profession. Which Gary has a prestigious EVM Award in his honor?

Who is Gary Christle?

Formula

BAC – BCWP_Cum = ? EAC – ACWP_Cum

What is the TCPI to EAC?

Empower Benefits

- Complete program analytics and reporting solution
 - Designed to engage all program stakeholders
 - Purpose-built for ease-of-use
 - Best-in-class cost/schedule analytics
 - VAR collection with integrated workflow and alerts
 - Corrective action tracking with integrated workflow and alerts
 - Data-driven audit support (DECM/DOE)
 - Configurable dashboards
- Accelerated business rhythm
- Lower total cost of ownership (TCO)
 - Cloud-ready
 - No client-side install (100% browser-based)
 - Single integrated tool
 - Single Sign-On (SSO) via OS Authentication or SAML2
- Leverage current EVM and IMS software tool investment
- Highly rated customer support
- Velocity of software enhancements

What's the Key to Achieve Successful Tool Adoption?

Focus on User Roles

- Program Manager/Corporate Management (Portfolio)
- Control Account Manager
- Cost/Schedule Analyst
- Director of Program Control
- Compliance Man
- Customer

Workflow & Collaboration

Empower Configuration Options

- Role-based Security
 - Projects/Contracts
 - WBS Elements
- Adaptive Menus by role
- Custom Reports and Charts
- Adaptive Touch Reports and Charts
 - Access External Databases
- Workflow
 - VARs
 - Action Items (Corrective Actions)
- Email Alerts

Portfolio Management

- Multi-Project View
 - Performance
 - Audit Metrics
- Drill-Down
- Management-by-Exception
- Portfolio Analysis

Control Account Manager

- Direct access to relevant accounts
- Highlight data quality issues
- Element of Cost (EOC) analysis
- Schedule/IMS analysis
- VAR identification, input, submission and tracking
- Corrective Action input and tracking
- Email alerts for actions required

Cost/Schedule Analyst

- Data quality issues
- Baseline/ETC Volatility
- Identify BCRs required
- Performance-based filtering and sorting
- VAR and Corrective Action support
- Subcontractor integration and analysis
- Generation of formal reports (IPMR)

Director of Program Control

- Data quality issues
- Performance-based filtering and sorting
- VAR and Corrective Action review and approval
- Review/submission of formal reports (IPMR)

Compliance Manager

- Formal compliance metric generation and tracking
 - Automated
 - Manual
- Metric trends
- Metric aggregation by portfolio
- Reconciliation of metric data with customer

Jeep 240z FEB 12 WBS Dollars [1 : Jeep 240z] Audit Metrics

ttribute	Metric	Test	м	Value	Total	Percent	Goal	Note
01A1	01b	Occurrence of a WBS that is not product-oriented	•	0	1	0.0 %	= 0%	
01A2	01a	Number of sampled SOW paragraphs identifying scope that are not in the WBS	•	2	5	40.0 %	= 0%	
	01a	Number of mismatches between the program organizational breakdown structure (OBS) and IPMR/CPR Format 2	•	3	8	37.5 %	= 0%	
02A1	02a	Number of major subcontractors and intra-organizational elements with an EVMS DFARS clause flow down requirement not identified in the OBS	•	1	15	6.7 %	= 0%	
	01a	Number of incomplete accounts with IMS POP outside WAD POP		18	52	34.6 %	<= 5%	
	01c	Number of incomplete accounts where $BAC \diamondsuit WAD\ BAC$		2	52	3.8 %	<= 10%	
	01e	Number of discrete WPs in IMS where EV % complete does not match EV % complete in the EV cost tool		0	1	0.0 %	= 0%	
	01f	Number of incomplete WPs where baseline IMS POP does not match baseline EVMS POP		10	201	5.0 %	<= 5%	
	01g	Number of incomplete accounts where EVMS POP is outside WAD POP		2	52	3.8 %	<= 5%	
03A1	01h	Number of incomplete CAs where IMS OBS does not match EV cost tool OBS		53	53	100.0 %	<= 10%	
	01i	Number of incomplete CAs where IMS WBS does not match		53	53	100.0	<= 5%	

Customer

- Engage entire team
- Data quality assessment
- Cost analysis
- Schedule/IMS analysis
- VAR review
- Corrective Action review
- Conduct independent EAC
- Compliance metric review and tracking

Feedback from our Customers

- Easy to use, yet powerful... intuitive
- Quick to deploy
- Earlier identification of data quality issues
- Great customer support
- One place to capture all performance data, analytics and narrative
- Appreciate the configurable aspects of the tool

- Drastically improves VAR generation process
- Corrective action tracking is traceable and seamless
- Reduced time to generate and validate Audit metrics
- Reduced Total Cost of Ownership over older MS Windows-based tools
- Love the Empower Users' Group (EUG) Workshop and User Feedback Forum

Empower Users' Group 2 (EUG 2)

- Location: Sandestin Golf and Beach Resort in Sandestin, FL
- Dates
 - User/Admin Training: August 26-27, 2019
 - Advanced Configuration Training: August 27, 2019
 - Workshop: August 28-29, 2019
- Rates (3 days prior and 3 days post event)
 - Government: \$143 with no resort fee (meets GSA per diem rate)
 - Non-government: \$165 + 12% resort fee
- Reasons to attend
 - Great speakers
 - User feedback forum
 - Technical sessions to cover advanced topics
 - Networking opportunities
 - Fun evening events
