

## Overview/Mission:

Objective is to adjudicate industry's comments on the DCMA EVMS Compliance Metrics (DECM) and to facilitate the collaboration as one voice to DCMA. This working group will address all industry issues with data driven metrics and will work closely with other IPMD working groups as the need arises.

## Leadership:

Cherilyn "CJ" Jones  
cherilyn.r.jones@lmco.com

Dan Bellovary  
Daniel.L.Bellovary@Rolls-Royce.com

## Objectives:

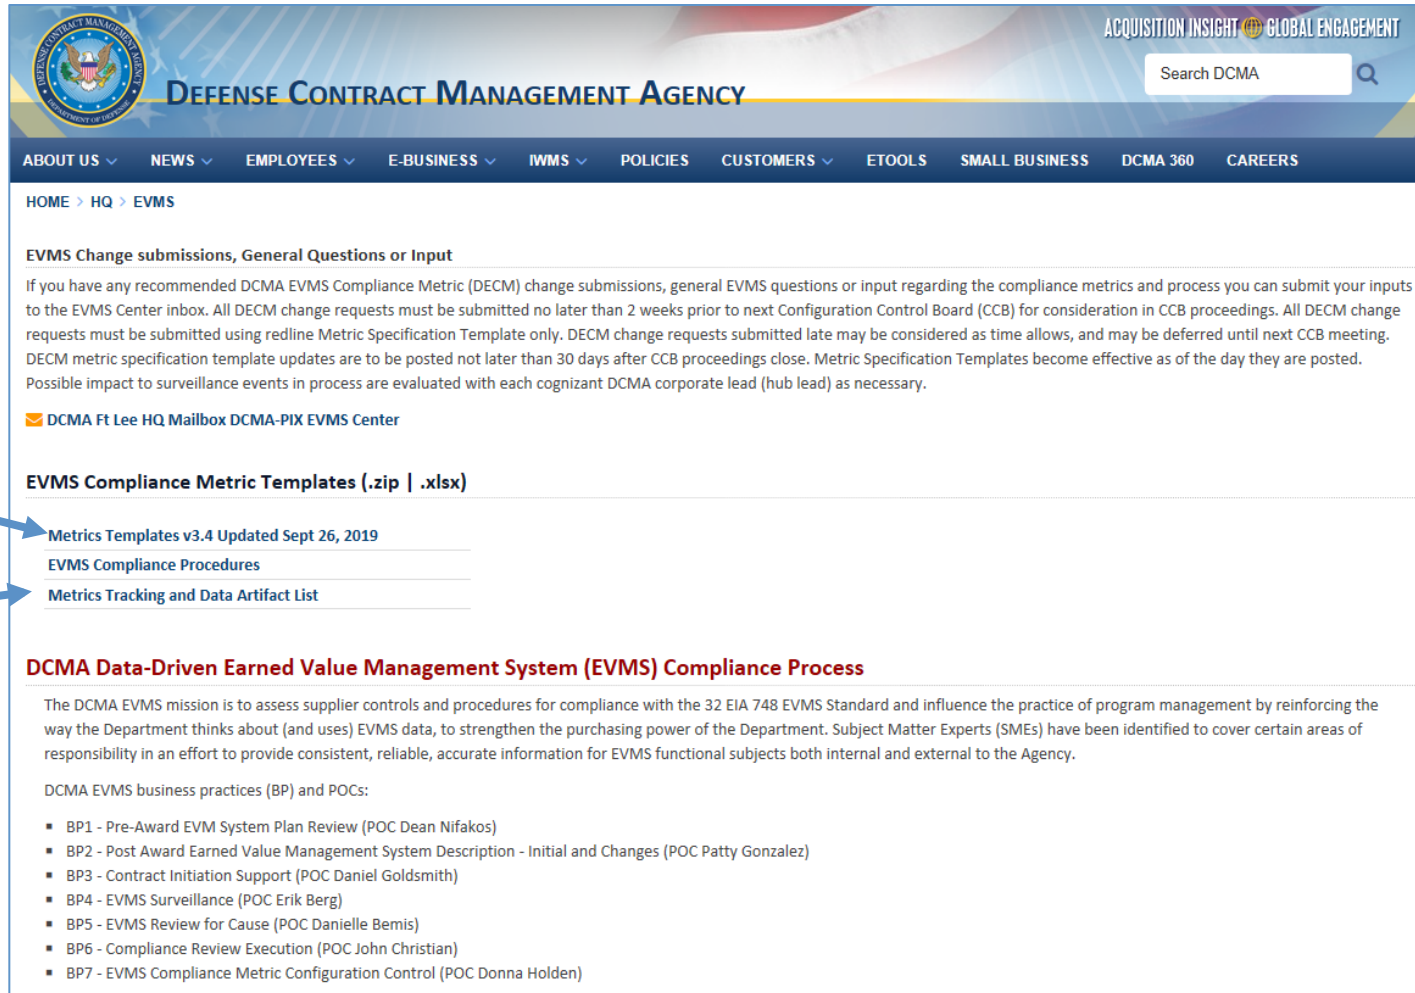

- Become the voice of Industry to collaborate with DCMA on the EVMS Compliance Metrics (DECM)
- Work closely with DCMA on their data driven metrics to provide feedback on new and/or existing data driven metrics
- NDIA IPMD Winter Meeting:
  - Establish working group team. Request only two members from each organization
  - Seek volunteers for Co-Lead positions
  - CJ Jones and Dan Bellovary will assist

# DCMA EVMS Compliance Metrics (DECM) **NDIA**

- DCMA EVMS Compliance Test Metric Configuration Management was established – Jun 2018
- DCMA IAW Business Practice 7 (BP7) – Intent is to define uniform process of configuration control and change management for test metric specifications utilized by EVMS Center personnel to assess contractor compliance
- DCMA Configuration Control Board meetings will meet semi-annually to review change requests submitted for DECM.
  - Next Meeting: Jan 22-23 2020
  - Future meeting: July 2020
- NDIA IPMD Health Metrics Committee will gather and adjudicate all industry comments and send them to DCMA as one voice before the next DMCA CCB meeting

**EVMS Change submissions, General Questions or Input**

If you have any recommended DCMA EVMS Compliance Metric (DECM) change submissions, general EVMS questions or input regarding the compliance metrics and process you can submit your inputs to the EVMS Center inbox. All DECM change requests must be submitted no later than 2 weeks prior to next Configuration Control Board (CCB) for consideration in CCB proceedings. All DECM change requests must be submitted using redline Metric Specification Template only. DECM change requests submitted late may be considered as time allows, and may be deferred until next CCB meeting. DECM metric specification template updates are to be posted not later than 30 days after CCB proceedings close. Metric Specification Templates become effective as of the day they are posted. Possible impact to surveillance events in process are evaluated with each cognizant DCMA corporate lead (hub lead) as necessary.

**DCMA Data-Driven Earned Value Management System (EVMS) Compliance Process**

The DCMA EVMS mission is to assess supplier controls and procedures for compliance with the 32 EIA 748 EVMS Standard and influence the practice of program management by reinforcing the way the Department thinks about (and uses) EVMS data, to strengthen the purchasing power of the Department. Subject Matter Experts (SMEs) have been identified to cover certain areas of responsibility in an effort to provide consistent, reliable, accurate information for EVMS functional subjects both internal and external to the Agency.

DCMA EVMS business practices (BP) and POCs:

- BP1 - Pre-Award EVM System Plan Review (POC Dean Nifakos)
- BP2 - Post Award Earned Value Management System Description - Initial and Changes (POC Patty Gonzalez)
- BP3 - Contract Initiation Support (POC Daniel Goldsmith)
- BP4 - EVMS Surveillance (POC Erik Berg)
- BP5 - EVMS Review for Cause (POC Danielle Bemis)
- BP6 - Compliance Review Execution (POC John Christian)
- BP7 - EVMS Compliance Metric Configuration Control (POC Donna Holden)

EVMS Test Specifications:

DECM:

- **1<sup>st</sup> Committee Meeting – January 29, 2020, 2:15 – 3:15 pm**
  - At most two people from the same organization
  - **Location**
