

# **Contracts Committee**

## **Update for Winter 2020 IPMD**

# Contracts Committee

## Overview/Mission:

**Focused on aligning the Contract Management and Integrated Program Management (IPM) Practitioners, with an emphasis on EVM and project scheduling practices, and interpretation of requirements as it relates to Contractual Application of EVMS**

## Leadership:

**Elizabeth Schloer**

**Allie Stanzione**  
Allie.Stanzione@gd-ms.com

## Objectives:

- Establish a Formal Channel of communication and collaboration between NDIA-IPMD and the National Contract Management Association (NCMA)
- Create a guide for the project management and contracts communities, “Contracting with EVM Requirements.” The guide will align the Government and Industry roles and responsibilities with the phases from the PMBOK and CMBOK.
- We are in need of sub-leads for the following areas: Frequently Asked Questions and Terms and Definitions
- Yesterday’s Working Group Session:
  - Reviewed the Committee Charter and status of the guide (layout and content)
  - Reviewed the some of the activities in the RACI, which will ultimately feed into the main sections of the guide (Pre-Award and Project Start up & Execution and Closeout)
