

NDIA Integrated Program Management Division

*Clearinghouse Working Group
Out-brief
September 12, 2019*

Gary Humphreys
Russ Rodewald

- **Clearinghouse Working Group**

- Revising process to eliminate redundancy
 - De-brief Government after morning session
 - Topics
- Issue resolution
 - Logical resolutions will be promulgated
 - IPMR EAC wording within DID
 - AUW with NTE
 - Gray areas must be evaluated independently on case by case basis
 - Large issues will be raised for consolidated response

Clearinghouse Out-brief

- **DCMA CRC –**
 - Use the DCMA website to submit specific wording and guidelines for comments/changes or submit to Clearinghouse
 - 52 Comments to be posted on Clearinghouse website
- **Schedule Margin**
 - White paper being developed for submittal to AAP

Clearinghouse Out-brief

- **Monthly Apportioned**
 - Monthly Apportioning calculates the Monthly Percent Complete for one or more base accounts and applies the weighed result to the Monthly Percent Complete of a Support effort.
 - Example will be discussed at next meeting to press for resolution

Clearinghouse Out-brief

- **NDAA 2020**
 - Fast tracks software development programs
 - Removes requirements from DODI 5000.02
 - Extended POP may still require EVM
- **LOE Baseline Adjustments**
 - Action dependent on individual case
- **Methods for changing open work packages**
 - Close in-process WP setting S=P returning descoped effort to UB for replanning or removal
 - Continually adding work: non-compliant

Clearinghouse Out-brief

**Presentations and issue input forms available on the
Clearinghouse WG Page**
