

2020/2021 DMSMS Industry Achievement Awards

INDIVIDUAL NOMINATION FORM INSTRUCTIONS

The NDIA Manufacturing and Logistics Divisions are jointly sponsoring the DMSMS Industry Achievement Awards. These awards will recognize exceptional contributions to the practice of DMSMS management that demonstrably benefitted a program office and/or warfighter and are designed to align with awards given annually by the Defense Standardization Program to government recipients.

Since 2007 the Defense Standardization Program Office has recognized individuals and teams from Military Departments and Agencies for significant achievements in DMSMS management. The NDIA awards expand that recognition to the industry members of the Defense Industrial Base.

Awards will be given in two categories: Individual and Team.

The awards are to be presented at the PMMC 2021, December 13-16, Aurora Colorado. The conference is held in conjunction with the Defense Manufacturing Conference in the same location (<http://pmmcmeeting.org/index.html>).

Schedule:

- September 15, 2021 – Nominations Open
- October 30, 2021 – Nominations Close (Nominations must be received by midnight EDT 10/30/2021)
- November 1, 2021 - Award Recipients Notified
- Award presented at the PMMC 2021, December 13-16

The selection criteria for industry awards will be based on that used by DoD in the selection of the Government winners. This award recognizes exceptional contributions by an individual to the practice of DMSMS management that demonstrably benefitted a program office and/or warfighter. The criteria for receiving this award are shown below. An individual does not have to meet all the criteria to be considered for this award.

*** * * * * Tips for Writers * * * * ***

The judges will invariably favor real, demonstrated success that has significant impact on DMSMS resolution and that can be held up as an example of extraordinary accomplishment.

Make your writing clear and concise, with liberal use of facts and figures where appropriate. Use action verbs and avoid passive writing styles. Remember that you are trying to convince the judges that your nominee should be chosen above the others.

The judges make their evaluation solely on what is contained in the nomination. Avoid any external references such as links to web sites. They will not be used in the evaluation.

The winners are those nominations that, in the collective opinion of the judges, demonstrate the extraordinary achievement with respect to the evaluation criteria, and have delivered significant benefits to Program Offices and/or warfighters.

Nominations received after the designated submission deadline will NOT be considered. Mistakes happen. Should revisions need to be made to submissions already sent and received, a revised submission may be made up until the due date.

Allow sufficient time for any internal approvals process. **THERE CAN BE NO EXTENSION OF THE DEADLINE FOR ANY CIRCUMSTANCES**
