

Agile and SE Working Group Committee - 2018 Proposed Task Plan

Proposed 2018 Task:

Develop a joint paper with INCOSE on Complexity, Agility and Openness (CAO) as characteristics of processes and systems

- *Characterize CAO and identify their interrelationships*
- *Propose concepts and approaches based on these relationships that enable engineers and project managers to better deal with dynamic and challenging projects and solutions*

Schedule / Resources (2018)

- Draft for SE Conference due 06/2018
- Draft for INCOSE due 11/2018

Deliverables / Products

Joint CAO paper with INCOSE

- Draft for NDIA
- Final draft for NDIA SE Conference
- Updated draft for INCOSE conference
- Final draft for INCOSE conference

Issues / Concerns:

- Enough resources (authors)
- Schedule (resources are volunteer)
