

NDIA Systems Engineering Division (SED) Software Committee

**Paul Croll
Dr. Kenneth E. Nidiffer**

**16 August, 2017
General Dynamics, Washington DC**

SW Committee – Status

Proposed 2016/2017 Tasks:

- Support the JFAC by building a framework for benchmarking industry processes, techniques, tools, architecture and design strategies, and decision-making rules for software assurance, at each stage of the full life cycle

Deliverables/Products

- DoD Enterprise Software Assurance (SWA) Capabilities Gap Analysis (Jan 10, 2017)
- DSB Task Force: Cyber Supply Chain (Feb 2017)
- OSD/NDIA (Sys Security Engr. and SW Committees) Joint Mtg: JFAC CGA/DSB Industry Workshop Perspective (22-23 July, 2017)
 - Results being analyzed for publication as a NDIA Report

Resources

- Paul Croll, PR Croll, LLC, Lead
- JoAn Ferguson, General Dynamics
- Gary Hafen, Retired Lockheed Martin
- Joe Jarzombek, Snyopsis
- Cindy Molin, Raytheon
- Bob Martin, MITRE
- Ken Nidiffer, SEI
- Brian Bernsen, Boeing
- Rick Selby, Northrop Grumman
- Tim Walden, Lockheed Martin

Issues / Concerns:

- Supported efforts to prioritize and close the SwA GAPS
