

NDIA SYSTEMS ENGINEERING DIVISION

JOIN TODAY

STRATEGIC OBJECTIVES

Advance SE technical & business practices

Promote excellence in the SE program lifecycle & across all disciplines

Transform & modernize SE practices while maintaining SE principles

Improve SE processes & practices to deliver system performance

Push SE boundaries for system development & ensure efficient lifecycle management

Provide industry perspective to government partners and advocate for SE policy & guidance improvements

WHO WE ARE

The Systems Engineering Division advocates for the widespread use of systems engineering in the Defense Department acquisition process to achieve affordable, supportable, and interoperable weapon systems that meet the needs of warfighters and provide the United States a technological advantage. In addition to supporting the open exchange of ideas and concepts between government and industry, the Division works for a new understanding of a streamlined systems engineering process and aims to provide state-of-the-art national defense systems early in the formation of policies, guidance, initiatives, and investments.

COMMITTEES

ADAPT – DevOps | Architecture | Automatic Test | Developmental Test & Evaluation | Education & Training | Enterprise Health | Safety & Environmental Engineering | Human Systems Integration | Modeling & Simulation | Software | Systems Engineering Effectiveness | System of Systems / Mission Engineering | Systems Security

ABOUT NDIA

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. For more than 100 years, NDIA and its predecessor organizations have been at the heart of the mission by dedicating their time, expertise, and energy to ensuring our warfighters have the best training, equipment, and support.

ENGAGEMENTS

Annual Systems & Mission Engineering Conference | Monthly Division Meetings | Regular Committee Meetings

AFFILIATIONS

AIA | IEEE | INCOSE | SEI | SERC
