

Systems of Systems – Mission Engineering

System of Systems Engineering Collaborators Information Exchange (SoSECIE) Webinars

- **Since last meeting** - <https://mitre.tahoe.appsembler.com/blog>
 - June 2, 2020, Can We Assure Resilience of Cyber-Physical Systems Using Model-Based Systems Engineering?, Mr. Thomas McDermott, Dr. Cody Fleming, Dr. Peter Beling,
 - May 19, 2020, Digital Engineering Toolchain: Requirements and Implementation, Dr. Aleksandra Markina-Khusid, The
 - May 5, 2020, New Digital Engineering Enabled Systems and Mission Engineering Performance Measures, Dr. Ed Kraft,
 - April 21, 2020, Mission Engineering, Systems Engineering and System of Systems Engineering, Dr. Andreas Tolk
- **Upcoming** - <https://www.mitre.org/capabilities/systems-engineering/collaborations/system-of-systems-engineering-collaborators>
 - June 16, 2020, Challenges for Systems of Systems / Mission Engineering in a Space Acquisition Environment, Lt. Col. Benjamin Bennett
 - June 30, 2020, Mission Engineering Playbook, Dr. Judith Dahmann
 - July 28, 2020, Addressing Mission Engineering from a Lead Systems Integration Perspective, Dr. Warren Vaneman

Industry Mission Engineering Task Force

- Report is being finalized and readied for Release
- Once report is ready, meeting with OUSD (R&E) and OUSD (A&S)

Committee Activity

- Planning for SE Conference in October
- Reviewing abstracts for SoS and ME
