# SW Committee – Status

## Proposed 2016/2017 Tasks:

- Support the JFAC by building a framework for engineering-in software assurance (SwA), at each stage of the full life cycle
- Provide JFAC with industry input to prioritize existing and future funding to address the Department's SwA capability gaps.

## Schedule/Resources

- Conduct NDIA workshop in conjunction with Systems Security Engineering Comm. to generate feedback from industry on the recent DoD and Defense Science Board Task Force reports on SwA capability gaps within the DoD – June 22-23 June
- Software Committee Resources:
  - Paul Croll, PR Croll, LLC, Lead
  - JoAn Ferguson, General Dynamics
  - Gary Hafen, Retired Lockheed Martin
  - Cheryl McIntyre, Lockheed Martin.
  - Cindy Molin, Raytheon
  - Ken Nidiffer, SEI
  - Shawn Rahmani, Boeing
  - Rick Selby, Northrop Grumman

## Deliverables/Products

- Workshop report – July - August timeframe
- Presentations at NDIA Systems Engineering Conference (23-26 Oct) and Software Technology Conference (25-28 Sept) on workshop results

## Issues / Concerns:

- Volunteer labor – lots of work to be done.
