NDIA

2018 INTEGRATED PROGRAM MANAGEMENT DIVISION FEBRUARY MEETING

February 7 – 8, 2018

Holiday Inn & Suites

Orlando, FL

NDIA.org/IPMD

INTEGRATED PROGRAM MANAGEMENT DIVISION

WHO WE ARE

The purpose of the Integrated Program Management Division (IPMD) is to lead the advancement of integrated program management through industry and government partnership.

OBJECTIVES

- Provide thought leadership in Integrated Program Management (IPM). The Division achieves this by conducting forums and meetings to advance IPM practices as well as providing and publishing industry perspectives on IPM topics. As the author and steward of the EIA–748 Standard for Earned Value Management Systems (EVMS), the Division also creates and maintains industry standards and guides.

- Collaborate with key stakeholders. The Division proactively engages and participates with government, industry executive leadership, industry groups, academia, and other entities to foster the advancement of IPM.

IPMD MEETING PROVIDES AN OPPORTUNITY FOR YOU TO:

- Interact with government policymakers to gain a better understanding of their mission and comment on proposed regulatory changes. You gain first-hand information on current topics such as impending policy, leadership, regulatory, or process changes that can affect programs.

- Broaden your professional network by working with industry leaders, organization leaders from a variety of sectors such as civilian agencies and DoD services, as well as other related program management disciplines such as systems engineering.

- Meet and seek advice from experts or share program management best practices with industry and government counterparts.

- Contribute to industry guides, white papers, and working groups. The IPMD working groups are the best way for you to get involved and gain the most from the IPMD meetings. Formed and disbanded as needed, the working groups proactively address current issues.

TABLE OF CONTENTS

NDIA

WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. THURSDAY, FEB. 8

Networking Breakfast
7:30 – 8:00 am

General Session
8:00 am – 5:00 pm

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

EVENT INFORMATION

LOCATION	Holiday Inn & Suites 5905 South Kirkman Road Orlando, FL 32819
