EDITORS NOTE

Dear members,

The National Defense Industrial Association (NDIA) is the nation's oldest and largest defense industrial organization, and our strength lies with you – our members and volunteers. Through our divisions, chapters, committees and affiliates, we span the entirety of the defense industrial base and represent companies small, medium and large – more than 1,600 in all. Our individual membership numbers more than 80,000, including 18,000 uniformed and government civilians.

It's our pleasure to bring you this comprehensive guide. Throughout the following pages, you will find descriptions of the work, interests and regularly scheduled activities of our divisions, chapters, committees and affiliates. Where applicable, lists of sponsored awards, scholarships and STEM-related engagements are provided. In addition, you will find leadership contact information for each organization.

Each description also identifies areas of collaboration between our many organizations, with a summary matrix in the appendix. We are making a concerted effort to increase communication and collaboration across our enterprise. These areas of actual and potential collaboration will serve as the foundation for an association that truly adds value through the contributions of its members.

This guide will also help our association organize and coalesce around our strategic priorities:

- Advance budget stability
- Expand international security cooperation and interoperability
- Gain acquisition agility and regulatory efficiency
- Promote innovation in technology and process
- Foster small-business success
- Strengthen the defense industrial base and workforce

This guide will be a living document, updated in real time on the NDIA website and published periodically in hard copy. We urge you to make the most of this guide and let us know where we can add or improve the content. Please feel free to contact me at fmichael@ndia.org or (703) 247-2564.

If you are an NDIA member or volunteer, thank you for your trust and commitment to our association. We will continually strive to add value and return on your investment. For prospective members, we urge you to give us a chance to represent you as America's most trusted defense industry association. NDIA is evolving to better serve our membership as we bring together industry, government and academia to address our nation's toughest challenges in national security and to best serve our brave warfighters.

Best regards,

FRANK MICHAEL

NDIA senior vice president, programs and membership

THE NATIONAL DEFENSE INDUSTRIAL ASSOCIATION

NDIA drives strategic dialogue in national security by identifying key issues and leveraging the knowledge and experience of its military, government, industry, and academic members to address them.

For nearly 100 years, NDIA has been at the forefront of addressing complex defense and national security issues by providing a forum for government and industry leaders to collaborate and arrive at innovative solutions in support of its mission.

NDIA's team of professionals, based in Arlington, VA, strive to ensure that the most relevant topics concerning industry and government are addressed at our meetings and events. The Division and Chapter structure provide a dynamic and information-rich resource that represents perspectives and expertise in all areas of national security and defense.

With more than 1,600 corporate members and 80,000 individual members, NDIA embodies the full spectrum of national security and defense professionals who advocate for the best policies, practices, products, and technology to ensure the safety and security of our nation.

SIX STRATEGIC PRIORITIES

Advance budget stability | Expand international security cooperation and interoperability | Gain acquisition agility and regulatory efficiency | Promote innovation in technology and process | Foster small-business success | Strengthen the defense industrial base and workforce

MISSION

NDIA is a 501(c)(3) nonprofit organization that engages thoughtful and innovative leaders to promote the best policies, practices, products, and technology for warfighters and others who ensure the safety and security of our nation.

It champions issues that reinforce the strength, resiliency, and capacity of the industrial base.

It builds a vigorous and responsive community supporting defense and national security.

It convenes legal and ethical forums for exchange of information, viewpoints, and capabilities.

DIVISIONS, INDUSTRIAL COMMITTEES, AND WORKING GROUPS

NDIA's 28 Divisions, three Industrial Committees, and ad-hoc Working Groups are a robust defense industrial-government network, driving the future of defense through education and collaboration.

POLICY

Through NDIA, industry collectively addresses policy issues that affect the defense and national security communities. Issues range from acquisition reform to cybersecurity, innovation, and government-industry collaboration.

CHAPTERS AND AFFILIATES

Located in regions of concentrated defense work, NDIA's 28 Chapters collaborate with government and industry to facilitate important discussions of local issues critical to our national defense. NDIA's affiliated organizations are National Training and Simulation Association (NTSA), Precision Strike Association (PSA), and Women in Defense (WID).

DIVISIONS

ARMAMENTS

MISSION

Provide for integration and dialogue related to U.S. and allied nation armaments capability, trends and related topics addressing full spectrum of armament systems and applications across the life cycle. Address legacy system capability, readiness and enhancements. Evolve vision of future armament technology and systems. Ensure awareness of Defense Department policy trends as they effect armament systems and requirement challenges.

MAJOR EVENT

Annual Armament Forum and Firing Demonstration, held in Spring

CHAPTER COLLABORATION

Aberdeen Proving Ground | Great Rivers | Greater Hampton Roads | Greater Indiana | Greater New York-Connecticut | Gulf Coast | Iowa-Illinois | Michigan | North Carolina | Pacific Northwest | Picatinny | Red River Regional | Greater Tampa Bay

DIVISION COLLABORATION

Bomb and Warhead | Munitions Technology | SO/LIC

STRATEGIC PARTNERS

Precision Strike Association | Industrial Committee of Ammunition Producers | PEO-Ammo | PEO-Soldier | PEO-Combat Vehicles and Tactical Vehicles | NAC/DOTC | Joint Non-Lethal Weapon Directorate | Joint Services Small Arms Coordinating Committee | Navy Armament Community | Naval Sea Systems Command | Army Maneuver Center of Excellence | US Army Armament Research and Development Command | Air Force Research Laboratory | USMC Systems Command | PM-Soldier Weapons | NSWC-Dahlgren | NAC-DOTC

AWARDS

Ambrose Award to the company or organization with unique leadership, commitment and quality products supporting the small arms systems community; awarded approximately once every three years | Annual Carlos Hathcock Award for excellence in sniper-related training, operations and combat | Annual Chinn Award for excellence in small arms-related technology, systems or program management | Operational Award to a military service leader who has demonstrated leadership in advancing the application of systems related to guns, ammunition, rockets and missiles | Annual Trifilletti Award for excellence in technology, systems or program management related to guns, ammunition, rockets and missiles

LEADERSHIP AND COMMITTEES

David Broden

Division Chair
Broden Resource Solutions, LLC

Unconventional Emerging Technology Armament Committee Chair
Spectra Technologies, LLC
Dan.Hartman@spectra-tech.net

LEADERSHIP

Robert Cicarelli

Division Chair
DE Technologies Inc.
Ciccar@detk.com

BOMB AND WARHEAD

MISSION

Encourage development and fielding of better military capabilities and the defense industrial base needed to supply them. Provide a forum to exchange technical concepts, design techniques and test and evaluation data related to bombs, warheads, kinetic energy and explosive munitions. Recognize leadership and technical contributions in warhead technology. Major areas of focus include warhead technology, warhead and target interaction methodology, advanced projectiles, counters to active protection systems, modeling and simulation, testing innovations, chemical energy penetrator technologies, terminal ballistics, quantification of terminal effects benefits and multipurpose warheads.

MAJOR EVENT

Annual Warheads and Ballistics Symposium, classified, held in Summer

CHAPTER COLLABORATION

Great Rivers | Greater Hampton Roads | Gulf Coast | North Carolina | Pacific Northwest | Picatinny | Red River Regional

STRATEGIC PARTNERS

Army Research Laboratory | Army Research, Development, and Engineering, Command | Army Armament Research, Development and Engineering Center | Air Force Research Laboratory | Army Aviation and Missile Research Development and Engineering Center | Naval Surface Warfare Center | Naval Postgraduate School | DE Technologies Inc. | Dynetics | Nammo Talley | General Dynamics Ordnance and Tactical Systems

AWARDS

John Ulrich Meritorious Service Award to individuals for their outstanding contributions to the warhead community

CBRN

CHEMICAL, BIOLOGICAL, RADIOLOGICAL AND NUCLEAR

LEADERSHIP AND COMMITTEES

COL Armando “Mandy” Lopez, USA (Ret.)

Division Chair

Tex-Shield, Inc.

Mandy.lopez@tex-shield.com

Bill Baugh

Vice chair

Bill Baugh Associates

bill.baugh@verizon.net

David Cullin

Acquisition Chemical Biological Defense

Initiative Forum Chair

FLIR Systems, Inc.

david.cullin@flir.com

MISSION

Promote the exchange of information – technical and operational – among the Defense Department and other government agencies, industry and academia related to the defense against weapons of mass destruction. Focus on acquisition of goods and services related to chemical and biological defense and including technology development, research and engineering, procurement and logistical support. Areas of interest include policy, program and budget matters, research and development, acquisition, production, logistical support, training, doctrine, and organization. Also focuses on traditional defense measures, chemical weapons demilitarization, treaty compliance, industrial base issues and domestic preparedness.

MAJOR EVENT

CBRN Defense Conference and Exhibition, held in Summer

CHAPTER COLLABORATION

Aberdeen Proving Ground | Great Rivers | Greater Hampton Roads | Greater New York-Connecticut | Greater Tampa Bay | Iowa-Illinois
| North Carolina | Pacific Northwest | Picatinny | Washington, DC

STRATEGIC PARTNERS

Office of the Assistant Secretary of Defense for Nuclear, Chemical and Biological Defense Programs | J-8 Directorate | Defense Threat Reduction Agency, Chemical and Biological Technologies Division | The Army Joint Program Executive Office for Chemical and Biological Defense | Army CBRN School

COMBAT SURVIVABILITY

MISSION

Addresses susceptibility reduction (probability of hit), vulnerability reduction (consequences of hit) and overall survivability including countermeasures, signature reduction, tactics and training, camouflage, concealment and deception as well as damage resistance and tolerance and combat damage repair. Focuses on the transfer of information and technology between the military survivability and civil aviation communities to improve flight safety and to mitigate the effects of terrorist acts. Fosters greater understanding of combat survivability and flight safety issues among government and industry program manager and senior officials who specify operations and safety requirements, and brings these issues before senior leaders of the Defense Department, Congress and industry.

MAJOR EVENT

Aircraft Survivability Symposium, classified, held in Fall

CHAPTER COLLABORATION

Aberdeen Proving Ground | Greater Hampton Roads | Michigan | North Carolina | Pacific Northwest | Picatinny | Red River Regional | Greater Tampa Bay | Wrights Brothers Regional

STRATEGIC PARTNERS

Office of the Director, Operational Test and Evaluation | Navy | Aircraft survivability equipment community

AWARDS

The following awards are annual: Lifetime Achievement Award | RADM Robert H. Gormley Combat Survivability Award for Leadership | Technical Achievement Award | Young Professionals Award to recognize and engage more junior community members

CYBER-AUGMENTED OPERATIONS

MISSION

Focuses on leveraging the power of cyber-enabled technologies to provide new approaches for national security and military operations. Fosters understanding and effective working relationships between government and industry to ensure the design, development and production of effective and reliable cyber-enabled products and services to meet government requirements at reasonable costs. Advises industry on government policies, practices, needs and problems, and conducts special studies and forums as needed.

MAJOR EVENT

Cyber and Emerging Technologies Symposium, held in Winter

CHAPTER COLLABORATION

Aberdeen Proving Ground | Central Florida | First Coast | Georgia | Great Rivers | Greater Hampton Roads | Greater Indiana | Greater New York-Connecticut | Gulf Coast | Lone Star | Michigan | New England | North Carolina | Pacific Northwest | Picatinny | Red River Regional | San Diego | Greater Tampa Bay | Tennessee Valley | Washington, DC | Wrights Brothers Regional

STRATEGIC PARTNERS

Office of the Secretary of Defense | U.S. Cyber Command | Laboratories of each military service

CYBERSECURITY

MISSION

Facilitate industry, government and academia interaction in policy, legislative, legal and technical areas related to protecting cyber assets and maintaining access to the cyber domain. Promote development of a secure, resilient and reliable cyber domain for the United States and its allies. Provide for an exchange of information and views among industry, academia, government and military representatives. Contribute to national security by promoting communication and interaction among industry, government and military on cybersecurity and cyber defense policy, legislation, requirements and technology. Provide critical comments to emerging cybersecurity-related policies, standards and guidance. Think tank for white papers from the Defense Department Office of Acquisition, Technology and Logistics.

MAJOR EVENTS

Assorted summits and gatherings throughout the year to address issues related to Defense Federal Acquisition Regulation Supplement

CHAPTER COLLABORATION

Aberdeen Proving Ground | Central Florida | First Coast | Georgia | Great Lakes | Great Rivers | Greater Hampton Roads | Greater Indiana | Greater New York-Connecticut | Gulf Coast | Lone Star | Michigan | New England | North Carolina | Pacific Northwest | Picatinny | Red River Regional | Rocky Mountain | San Diego | Greater Tampa Bay | Tennessee Valley | Washington, DC | Wrights Brothers Regional

INTERNATIONAL

MISSION

NDIA's coordinator in areas of international armaments cooperation and security assistance. Enables member companies to maintain currency in the highly dynamic international defense cooperation and trade arena (policies, regulations, export control reform, etc). Works with international partners and allies to maintain collective security in support of our national security interests. Stays ahead of global market trends and business opportunities in defense and national security.

LOGISTICS

MISSION

Fosters exchange of government and industry views and information relating to logistics support for major Defense Department systems and material items. Provides the government with collective industry viewpoints, recommendations and advice on logistics-support concepts, policies, plans, programs, requirements, technologies, problems, implementation or impact of pending legislation, regulations and procedures. Conducts special studies, analyses and advisories as requested, and encourages mutual understanding and effective working relationships between government and industry to ensure efficient and reliable logistics-support concepts and systems that meet government requirements at reasonable costs.

MAJOR EVENTS

National Logistics Forum, held in Spring

CHAPTER COLLABORATION

Aberdeen Proving Ground | First Coast | Georgia | Great Lakes | Great Rivers | Greater Hampton Roads | Greater New York-Connecticut | Iowa-Illinois | Michigan | Greater Tampa Bay | Tennessee Valley | Wright Brothers Regional

STRATEGIC PARTNERS

MISSILE DEFENSE

MISSION

Develop and reflect industry view on government policies, practices, needs and problems. Foster mutual understanding and effective working relationships among the Defense Department, the military and industry. Identify and help resolve issues and matters of interest to government and industry. Foster dialogue on planning, programming, acquisition, deployment and prospective legislation.

MAJOR EVENTS

Missile Defense Day on the Hill | Co-Sponsor Annual Integrated Air and Missile Defense Conference | Multinational BMD Conference, held in Fall

CHAPTER COLLABORATION

Great Lakes | Great Rivers | Greater Hampton Roads | Greater New York-Connecticut | Rocky Mountain | Tennessee Valley
| Washington, DC

STRATEGIC PARTNERS

Missile Defense Agency | Office of the Secretary of Defense | Various combatant commands

LEADERSHIP AND COMMITTEES

MUNITIONS TECHNOLOGY

MISSION

Works to maintain an open exchange of technical information among government and industry programs and technical managers, and to identify changes and trends in policy, guidance and organizational functions that affect the development, production, maintenance and demilitarization of munitions.

MAJOR EVENT

Annual Munitions Executive Summit, held in Spring | Annual Fuze Conference, held in Spring | Insensitive Munitions and Energetic Materials Technology Symposium

CHAPTER COLLABORATION

Aberdeen Proving Ground | Great Rivers | Greater Hampton Roads | Greater Indiana | Gulf Coast | Iowa-Illinois | North Carolina | Pacific Northwest | Picatinny | Red River Regional

DIVISION COLLABORATION

Armaments

STRATEGIC PARTNERS

NDIA's Industrial Committee of Ammunition Producers | Army Program Executive Office for Ammunition and Joint Munitions Command | Program Executive Office Missiles and Space | Hill and Eglin Air Force bases | Naval Sea Systems Command | Naval Air Systems Command | U.S. Special Operations Command | Principal Deputy Under Secretary of Defense for Acquisition, Technology and Logistics | Army Training and Doctrine Command

PROCUREMENT

MISSION

Foster a free and open exchange of ideas and business challenges, particularly involving government procurement regulators. Address proposed legislation and regulations in the government procurement space. Stay front-of-mind on government procurement issues. Network with peers and with those government officials involved with procurement.

MAJOR EVENTS

Quarterly meetings each year.

CHAPTER COLLABORATION

Aberdeen Proving Ground | First Coast | Georgia | Great Lakes | Great Rivers | Greater Hampton Roads | Greater Indiana | Greater Los Angeles | Greater New York- Connecticut | Gulf Coast | Iowa-Illinois | Michigan | New England | North Carolina | Pacific Northwest | Picatinny | Tennessee Valley | Washington, DC | Wright Brothers Regional

PRODUCTS AND SERVICES

Participates in some regulatory comments, either for NDIA or as part of the Council of Defense and Space Industry Associations. When requested, the division aggregates commentary on proposed rules, regulations or legislative language for input to the NDIA policy group. The legal committee also coordinates amicus briefs, as appropriate, for NDIA involving significant legal issues in the national defense and procurement space.

ROBOTICS

MISSION

Focuses on research, development, acquisition, application, integration and sustainment of unmanned ground vehicles to enhance capabilities and survivability of warfighter. Emphasizes technologies that will yield integrated and interoperable unmanned systems to meet present and future operational requirements.

MAJOR EVENTS

Annual Ground Robotics Capabilities Conference and Exhibition, held in Spring | Quarterly meetings

CHAPTER COLLABORATION

Aberdeen Proving Ground | Georgia | Great Lakes | Great Rivers | Greater Hampton Roads | Greater Indiana | Greater New York-Connecticut | Greater Tampa Bay | Michigan | New England | Picatinny | San Diego | Washington, DC

STRATEGIC PARTNERS

Office of the Secretary of Defense for Acquisition, Technology and Logistics | Army Project Manager Force Projection | Army Capabilities Integration Center | G8 | Army Armament Research, Development and Engineering Center | Army Tank Automotive Research, Development and Engineering Center | Naval Sea Systems Command PMS-408 | Air Force Civil Engineer Center | Office of Naval Research

AWARDS

Ground Robotics Champion, Ground Robotics Innovator and Defense User Awards, presented annually at the Ground Robotics Capabilities Conference and Exhibition.

SCIENCE AND ENGINEERING TECHNOLOGY

MISSION

Provides a venue for discussion of the nation's defense needs by examining capabilities and suggesting ways to overcome deficiencies in defense research and development. Members of industry, government, and academia can examine vital information on technical needs and planned efforts in an open forum. Raises interest and awareness of Defense Department technology requirements through creative research and advanced development across industry, government and academia.

MAJOR EVENTS

Annual Science and Engineering Technology Conference, held in Spring | S&T Executive Breakfast Series

CHAPTER COLLABORATION

Aberdeen Proving Ground | First Coast | Great Rivers | Greater Hampton Roads | Greater Indiana | Greater New York-Connecticut | Gulf Coast | Michigan | New England | San Diego | **Greater** Tampa Bay | Tennessee Valley | Washington, DC | Wright Brothers Regional

SECURITY AND COUNTERINTELLIGENCE

MISSION

Formerly the Industrial Security Committee of the Procurement Division, the Security and Counterintelligence Division represents member companies' interests in all matters regarding industrial security. It is responsible for monitoring all security matters relating to the Defense Industrial Security Program, special access programs, and other activities that affect national security programs and corporate assets.

MAJOR EVENTS

Joint Annual NDIA/AIA Industrial Security Committee Conference, held in Spring and Fall

STRATEGIC PARTNERS

Defense Security Service | Central Intelligence Agency | Defense Intelligence Agency | National Reconnaissance Office | National Geospatial Agency | National Security Agency | Defense Information Systems Agency | U.S. Office of Personnel Management | Office of the Under Secretary of Defense for Intelligence | National Background Investigations Bureau

SMALL BUSINESS

MISSION

Advocates for small businesses as strong and critical part of the defense industrial base. Holds yearly educational conferences to promote business skills and opportunities and offer insight into the needs of the defense community. Assists small businesses with strategies for teaming and subcontracting with large companies. Updates members on important legislation. Develops and organizes roundtable discussions with senior government and private-sector officials to address current issues. Work with the departments of Defense and Homeland Security to foster the small-business defense industrial base and address acquisition challenges.

MAJOR EVENTS

Annual Small Business Conference, held in Fall

CHAPTER COLLABORATION

Aberdeen Proving Ground | Central Florida | Delaware Valley | First Coast | Georgia | Great Lakes | Great Rivers | Greater Hampton Roads | Gulf Coast | Iowa-Illinois | Michigan | New England | North Carolina | Pacific Northwest | Picatinny | Red River Regional | Tennessee Valley | Washington, DC | Wright Brothers Regional

STRATEGIC PARTNERS

Small Business Administration | Federal offices of small-business programs | Congressional small-business committees | Industry small-business liaisons

AWARDS

Kathleen P. Sridhar Small Business Executive of the Year Award, bestowed annually on a small-business executive who reflects Sridhar's leadership excellence and support of a robust small-business sector in the defense industrial base.

PRODUCTS AND SERVICES

Conducts research and develops white papers to inform senior leaders in the Pentagon and Congress on important issues related to small businesses in the industrial base.

SO/LIC

SPECIAL OPERATIONS/ LOW-INTENSITY CONFLICT

MISSION

Champions concerns of the SO/LIC community and new, innovative ideas to meet national security challenges. Facilitates contact and cooperation among industry and special operations and low-intensity conflict forces to foster ideas and technology from U.S. industrial and academic bases Provides information on a variety of matters involving special operations, low-intensity conflict, special law enforcement and related national security matters, including counternarcotics, combating terrorism, consequence management resulting from terrorist events, civil affairs, psychological operations, force protection, humanitarian operations and peacekeeping.

MAJOR EVENTS

Annual Special Operations and Low-Intensity Conflict Symposium, held in Winter

CHAPTER COLLABORATION

Great Lakes | Greater Indiana | San Diego | Greater Tampa Bay | Wright Brothers Regional

STRATEGIC PARTNERS

Assistant Secretary of Defense for Special Operations/Low-Intensity Conflict | U.S. Special Operations Command and subordinate commands | FBI Critical Incident Response Group | Secret Service Counter-Assault Teams | Border Patrol Tactical Unit | Border Patrol Search, Trauma and Rescue | Coast Guard Maritime Security Response Team

AWARDS

R. Lynn Rylander Award, DeProspero Lifetime Achievement Award, and Superior Achievement Awards, presented annually to recognize distinct contribution of lasting impact in special operations, low-intensity conflict and irregular warfare.

SLAAD STRIKE, LAND ATTACK AND AIR DEFENSE

MISSION

Build relationships among the Navy, Defense Department and industry to address SLAAD issues relating to threat, operational concept, combat architecture, system technology, systems integration, acquisition and manpower.

MAJOR EVENTS

Annual State of Integrated Air and Missile Defense Annual Symposium, held in Summer | Yearly fleet visits | Quarterly meetings

CHAPTER COLLABORATION

First Coast | Great Rivers | Greater Hampton Roads | Red River Regional | San Diego | Southern Nevada | Tennessee Valley

STRATEGIC PARTNERS

Deputy Chief of Naval Operations for Warfare Systems

PRODUCTS AND SERVICES

SLAAD division performs pro-bono studies for the Defense Department, most often the Navy. The customer provides subject matter experts, security classification where needed and regular input and checks on studies. Industry members fund their subject matter experts for technical input and to fund travel. Studies can take six months to a year and are submitted to the customer as "industry input." SLAAD has produced about 90 studies since 1982.

SYSTEMS ENGINEERING

MISSION

Promote effective systems engineering in government and industry to achieve affordable and supportable systems. Provide a forum to exchange ideas and concepts among government, industry and academia. Develop understanding of a streamlined systems engineering process. Foster good technical and business practices within the aerospace and defense industries. Improve delivered systems performance including supportability, sustainability, and affordability. Emphasize excellence in systems engineering throughout the program life cycle and across all engineering disciplines and support functions. Track emerging trends for industry and government including agile acquisition, digital thread, system security engineering, autonomous systems and testing and evaluation.

MAJOR EVENTS

Annual Systems Engineering Conference, held in Fall | Workshops and summits | Bimonthly division meetings

DIVISION COLLABORATION

Cybersecurity | Integrated Program Management | Logistics | Manufacturing | Science and Technology | Test and Evaluation

CHAPTER COLLABORATION

Aberdeen Proving Ground | First Coast | Great Rivers | Greater Indiana | Greater Los Angeles | Greater New York-Connecticut | Gulf Coast | Lone Star | Michigan | New England | North Carolina | Pacific Northwest | Picatinny | Red River Regional | San Diego | Southern Nevada | Tennessee Valley | Wright Brothers Regional

STRATEGIC PARTNERS

Office of Deputy Assistant Secretary for Systems Engineering | Chief systems engineers for each armed force | Department of Homeland Security | NASA

AWARDS

Lt Gen Thomas R. Ferguson Jr. Systems Engineering Excellence Award, awarded annually to one person and one group for outstanding achievement in the practical application of systems engineering principles, promotion of robust principles throughout the organization, or effective systems engineering process development.

PRODUCTS AND SERVICES

Committees, working groups, and ad hoc working groups generate studies and reports.

TACTICAL WHEELED VEHICLES

MISSION

Enhances U.S. security by promoting communications and interactions among defense industry, government and the military in automotive activities. Fosters communications and exchange of views and information between government and industry. Promotes a mutual understanding and effective working relationships between government and industry to achieve sound policy and procedures. Provides government with industry advice on policies, practices and procedures and industry's needs and problems.

MAJOR EVENT

Annual NDIA Tactical Wheeled Vehicles Conference, held in Spring

CHAPTER COLLABORATION

Great Lakes | Great Rivers | Greater Hampton Roads | Michigan | North Carolina | Pacific Northwest | Picatinny | Washington, DC

AWARDS

Red Ball Express Award, awarded annually to recognize contributions and public leadership or achievement that results in significant contributions to the development, introduction or support of tactical wheeled vehicles.

TECHNICAL INFORMATION

MISSION

Maintain prestigious certification, distinct because the testing component for demonstrated experience is 40 percent of the certification test. There is no other CM-DM certification that takes into consideration the experience of alumni.

MAJOR EVENTS

Monthly executive meetings | Quarterly certification preparatory training classes and certification testing | Division voting members are on major national and international boards for updating configuration management standards

AWARDS

Tester of the Year Award, given annually to outstanding individuals for their accomplishments as a civilian tester, military tester, or contractor tester. | Walter Hollis Award for Lifetime Achievement in Defense Test and Evaluation, presented annually to recognize lifetime contributions and achievement in test and evaluation. | Arthur Stein Award for Lifetime Achievement in Live Fire Test and Evaluation, presented biennially to recognize lifetime contributions and achievement in live-fire test and evaluation.

UNDERSEA WARFARE

MISSION

Advocates and promotes undersea warfare mission superiority by facilitating technical dialogue among government, industry and academic advocates toward the goal of fielding technologically advanced capabilities. Promotes communications between government and industry to solve problems, identify affordable solutions, meet specific requirements and advise both on policies and acquisition planning.

MAJOR EVENTS

Spring USW Conference | Fall USW Conference

CHAPTER COLLABORATION

First Coast | Greater Hampton Roads | Greater Indiana | San Diego |
Greater Tampa Bay

STRATEGIC PARTNERS

Naval Undersea Warfare Center

AWARDS

VADM Charles E. Weakley Award, given annually to recognize meritorious service and noteworthy contributions to effective government and industry communication in undersea warfare. | VADM Charles B. Martell – David Bushnell Award, given annually to recognize outstanding technical contributions to undersea warfare. | Capt. George W. Ringenberg Award, given to recognize outstanding undersea warfare contributions to NDIA | RADM Jack Jarabak Award, given to recognize outstanding contributions in antisubmarine warfare or undersea warfare from a student of the Naval Postgraduate School. | Two to four academic grants are awarded each year.

GREAT RIVERS

MISSION

The Great Rivers Chapter role is to support the development of the defense economies in the states of Missouri, western Illinois and eastern Kansas in partnership with the state governments' military planning, military-tied communities' development, and the federal agencies from defense, homeland security, justice and commerce. The chapter helps ensure the continued strong contribution of the Midwest to the national defense and to more successfully compete for defense business by creation of an empowering business climate. The chapter facilitates information exchange between industry and government with particular reference to national security and defense preparedness by leveraging the many events of other professional and trade organizations.

DIVISION COLLABORATION

Armaments | Bomb and Warhead | CBRN | Cyber and Emerging Technologies | Cybersecurity | Health Affairs | Human Systems | Integrated Program Management | International | Logistics | Manufacturing | Missile Defense | Munitions Technology | Procurement | Robotics | Science and Engineering Technology | Small Business | SLAAD | Systems Engineering | Tactical Wheeled Vehicles | Test and Evaluation

The chapter seeks to establish highly-active participants and leaders in these divisions and to bring some division activities into its geographic footprint.

STRATEGIC PARTNERS

Military establishments: Fort Leavenworth, KS, Fort Leonard Wood, MO, Scott AFB, IL, Whiteman AFB, MO | National-Geospatial Intelligence Agency West | Reserve

and National Guard organizations in Illinois, Kansas and Missouri | DOE Kansas City Plant NNSA operations | Lake City Army Ammunition Plant | Advanced Airlift Tactics Training Center | Naval Operations Support Center Kansas City | Army Training Support Center St Louis

Research: University of Missouri System and campuses | MRI Global | Honeywell | Boeing Defense Systems | St Louis University | Missouri Technology Corporation | Leonard Wood Institute

Economic Development: Missouri Department of Economic Development | Missouri Military Enhancement and Preparedness Commission | St. Louis Economic Development Partnership | Whiteman Area Leadership Council | Sustainable Ozarks Partnership | St Louis Area Working Group of the US Geospatial Intelligence Foundation | Area Defense Counsel - Scott Air Force Base | Association of the United States Army chapters | Missouri Veterans Commission | Society of American Military Engineer posts | Missouri Chamber of Commerce

MAJOR EVENTS

NATIONAL TRAINING AND SIMULATION ASSOCIATION

MISSION

NTSA provides training, simulation, related support systems and training services industries a focused, formal organization to represent and promote their business interests in the market place. The association provides a forum to communicate the full capability and broad characteristics of all of the elements of training systems and services to include associated support services.

MAJOR EVENTS

I/ITSEC: Orlando, FL, world's largest training and simulation event (November/December) | MODSIM World: Hampton Roads, VA, modeling and simulation across multiple domains (April) | Simulation and Training Community Forum: Dayton, OH, briefings on programs from the Air Force (May) | Training and Simulation Industry Symposium (TSIS): Orlando, briefings on programs from the armed forces (June) | Capitol Hill M&S Expo: Washington, DC, technology showcase for members of Congress, their staffers and the general public (July) | ADL iFest: Alexandria, VA, conference on advanced distributed learning (August) | Simulation Innovation Workshop (SIW): Orlando, FL, conference and workshop sponsored by SISO and supported by NTSA (September) | National M&S Coalition National Meeting (September)

STRATEGIC PARTNERS

I/ITSEC is co-sponsored (in rotation) with the leadership of the following service commands: Army program executive officer for Simulation, Training and Instrumentation | Naval Air Warfare Training Systems Division | Marine Corps Program Manager for Training Systems | Air Force Simulators Division, Wright Patterson Air Base, Ohio | Other Strategic Partners: Defense Modeling and Simulation Coordination Office | European Training and Simulation Association | Simulation Australasia | Asia Pacific Simulation Alliance | Clarion Defense and Security in support of putting on the International Training and Education Conference (ITEC) in Europe

AWARDS

NTSA Modeling and Simulation Awards: Three to six awards presented at NTSA M&S Awards Dinner during I/ITSEC. Categories include training, analysis, crossfunction and Governor's Award for Lifetime Achievement | I/ITSEC Lifetime Achievement to those who have made extraordinary contributions to I/ITSEC | Best Tutorial and Best Paper awards given annually at I/ITSEC

SCHOLARSHIPS

RADM Fred Lewis Postgraduate I/ITSEC Scholarship: Annual awards to graduate students and doctoral students. Awardees attend I/ITSEC | America's Teachers at I/ITSEC – Scholarships to teachers and administrators to travel to and attend the event.

PRODUCTS AND SERVICES

Certified Modeling and Simulation Professional certification | I/ITSEC Papers Portal: Repository of previously presented papers.

LEADERSHIP

Ken Masson

Chairman

Ken.masson@ngc.com

PRECISION STRIKE ASSOCIATION

MISSION

Advance the art and science of precision engagement concepts and technologies. Provides an ethical environment for government and industry leaders to facilitate communication among government, industry, academia and the national laboratories and understand and promote national defense policy.

MAJOR EVENTS

PSTS: Premier Technology Symposium each Fall; principally focused on threats, technologies and programs to deliver precision capabilities | PSAR: Precision Strike Annual Review each Spring' focusing on acquisition and delivering program capabilities to the warfighter | Executive Roundtables: invitation only for corporate members, featuring senior government speakers | Requirements Deep-Dive

STRATEGIC PARTNERS

Office of the Under Secretary of Defense for Acquisition, Technology, and Logistics | Joint Staff | Defense program executive officers | Navy Systems Commands | Defense Threat Reduction Agency | Military program managers | Military service laboratories | National laboratories

AWARDS

William J. Perry Award: given annually in honor of former Secretary of Defense Perry to recognize exceptional contributions to precision strike systems | Richard H. Johnson Technical Achievement Award presented annually in recognition of outstanding personal technical achievement resulting in significant contribution to precision strike systems.

PRODUCTS AND SERVICES

PSA Digest published semi-annually

WOMEN IN DEFENSE

MISSION

Provide women with a formal environment for professional growth through strategic networking, education, and professional development.

Strengthen the defense industrial base workforce by creating programs and opportunities (educational programs, coaching and mentoring, internships, workshops) that encourage talented women to fill critical skilled trade and technical positions in the defense industry.

MAJOR EVENTS

Annual National Conference | Service to the Flag Award Ceremony | HORIZONS Scholarship Celebration

AWARD

The Service to the Flag Award honors extraordinary leadership within the national security and defense enterprise. Each year Women In Defense recognizes two women, one from government and one from industry, who have successfully tackled some of our nation's most complex national security challenges. In addition to their strategic impact, awardees inspire others to use their talents to protect and defend the United States.

SCHOLARSHIPS

Through HORIZONS Scholarships, established in 1988, Women In Defense encourages women who excel academically to pursue careers supporting U.S. national security, with a focus on defense or foreign policy. HORIZONS scholarships invest in high-performing women to increase diversity and innovation in government, academia, and the defense industrial workforce.
