EISENHOWER
CONFERENCE ROOM

Ron Perlman
Chair

Technology for Manufacturing

EISENHOWER
CONFERENCE ROOM

Jeff Shubrooks
Chair

DoD Supply Chain Network

EISENHOWER CONFERENCE ROOM

Ethan Plotkin
Chair

Manufacturing Workforce

EISENHOWER CONFERENCE ROOM

Dr. Dean Bartles
Chair

11:40 – 11:50 am

OFFICER ELECTIONS

EISENHOWER CONFERENCE ROOM

Ron Perlman
Esquire, Holland & Knight LLP

11:50 am – 12:00 pm

CLOSING REMARKS

EISENHOWER CONFERENCE ROOM

Dr. Kenneth Sullivan
President & CEO, Micro Craft, Inc. & NDIA Manufacturing Division Chair

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

This image shows a full page of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page, providing a template for handwriting practice or general writing. There are no margins, text, or other markings on the page.

REGISTER TODAY

21ST ANNUAL SYSTEMS ENGINEERING CONFERENCE

This conference will focus on improving acquisition and performance of Defense programs and systems, including system - of - systems engineering, systems security, net-centric operations and data/information interoperability, and all aspects of system sustainment.

October 22 – 25, 2018

Grand Hyatt Tampa Bay

Tampa, FL
