### Metro Access

RAND is located above the Pentagon City Metro station, which is served by both the blue and yellow lines. To reach our office, exit the Metro at the Hayes Street exit by taking the corridor to the left after passing the farecard vending machines. At its end, do not go through the glass doors, but rather take the escalator to the left to reach the street level. When you reach the top of the escalator, you will be outside of the building and the Metro Tower office building will be in front of you on the right. Cross the service road, and proceed to the Mall's main entrance between Matchbox and Shake Shack. Before you enter the mall itself, the office tower lobby entrance will be on your right. When you enter the main lobby you will be asked to show identification to the building guard. After doing so, take the elevator to the RAND lobby on the 4th floor. The receptionist in the RAND lobby will again ask you to show identification and to sign in.

Visit the Washington Metropolitan Area Transit Authority web site ([www.wmata.com](http://www.wmata.com)) to use the Metro Trip Planner and request step-by-step directions from your exact location.
