

## JOIN TODAY

### STRATEGIC OBJECTIVES

- Advocate for national support for defense manufacturing
- Address manufacturing workforce development issues
- Support promising tech, processes, and methodologies
- Evaluate advanced manufacturing processes
- Convene leaders at defense manufacturing forums
- Recognize individual achievement in manufacturing

### WHO WE ARE

The Manufacturing Division aids industry/government/academia interaction in technological areas directly related to manufacturing research, design, development, testing, and production. The Division believes that effective cooperation among defense industry, university, government, and military representatives is vital to U.S. defense manufacturing efforts. The Division collaborates with other organizations such as Manufacturing USA, DefenseWerx, NCDMM, SME, and AMT.

### STUDIES AND WHITEPAPERS

- Implementing Cybersecurity in DoD Supply Chains
- Cybersecurity for Advanced Manufacturing
- Recovering the Domestic Aerospace & Defense Industrial Base

### DIVISION COMMITTEES

- Manufacturing Workforce
- Supply Chain Network
- Technology for Manufacturing
- Military Power Sources
- Reserve Battery
- Defense Manufacturing Communication
