NDIA

WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more than 100 years, NDIA and its predecessor organizations have been at the heart of the mission by dedicating their time, expertise, and energy to ensuring our warfighters have the best training, equipment, and support. TACTICAL WHEELED VEHICLES

WHO WE ARE

The Tactical Wheeled Vehicles Division works to increase understanding of the U.S. military's tactical vehicle needs among all sectors involved. The Division's annual Tactical Wheeled Vehicles Conference brings together the military services, industry, prime contractors, academia, subcontractors, and suppliers to discuss present and future requirements for all services, the U.S. Army Tank & Automotive Command, and the departments of Defense and Homeland Security. Historically, this annual seminar has afforded an apt atmosphere for open discussions between customers and suppliers based on the needs of military users.

HARASSMENT STATEMENT

The National Defense Industrial Association (NDIA), National Training & Simulation Association (NTSA), and Women in Defense (WID) are committed to providing a professional environment free from physical, psychological, and verbal harassment. NDIA and its affiliates, NTSA and WID, will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA, NTSA, and WID conferences, meetings, and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriately physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds of revoking access to the NDIA, NTSA or WID event.

CLOSING REMARKS

Dion Anglin
Director, Defense Market, Cummins
Chair, Tactical Wheeled Vehicles Division, NDIA

NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.
