HARASSMENT STATEMENT

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

EVENT CODE OF CONDUCT

NDIA's Event Code of Conduct applies to all National Defense Industrial Association (NDIA), National Training & Simulation Association (NTSA), and Women In Defense (WID) meeting-related events, whether in person at public or private facilities, online, or during virtual events. NDIA, NTSA, and WID are committed to providing a productive and welcoming environment for all participants. All participants are expected to abide by this code as well as NDIA's ethical principles and practices.

Visit [NDIA.org/CodeOfConduct](https://www.ndia.org/CodeOfConduct) to review the full policy.

Principal/Director and Senior Fellow, Booz Allen Hamilton, Inc.

CBRN Division Chair, NDIA

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

BIOGRAPHIES

COL CHRISTOPHER GRICE, USA

Acting Director
Joint Science and Technology Office for
Chemical & Biological Defense Program (JSTO)

Colonel Christopher Grice assumed the position

of Acting Director for the Joint Science and Technology Office (JSTO) in August 2022. A native of Galesburg, IL, Grice enlisted in the Army National Guard in 1989. He earned a Biological Sciences degree from Southern Illinois University and a commission as a Chemical Officer in 1995. His last assignment was as the Director of Materiel for the Office of the Deputy Chief of Staff, Headquarters Department of the Army (HQDA) G8 from June 2020 to July 2022. Grice earned a Master of Science degree in Environmental Management from Webster University in 2006 and a Master of Science degree in Joint Campaign Planning and Strategy from the National Defense University (Joint Advanced Warfighting School) in 2015.

Grice commanded the 69th Chemical Company in Hanau, Germany from 2001-2003, the Blue Grass Chemical Activity at Blue Grass Army Depot, KY from 2012-2014, and the Pueblo Chemical Depot in Pueblo, CO from 201– 2019.

Key assignments have included serving as an Instructor and Chief of Officer Training at the CBRN School from 2003 to 2005, Battalion Executive Officer and Operations Officer (S3) for 110th Chemical Battalion (Technical Escort) at Joint Base Lewis McCord, WS from 2007 to 2009, Executive Assistant to the Director of the Joint Staff and Counter-proliferation Branch Chief for the Joint Staff 2009 to 2011, and Senior Strategic Planner, U.S. Plans for U.S. Forces Korea from 2015 – 2017. He was then assigned to the HQDA ODCS G8 as the Division Chief for the Full Dimension Protection division from July 2019 to June 2020.

His operational and support deployments have included the Operation Joint Guardian in Kosovo as part of Task Force Falcon while the CBRN Officer for 2nd Brigade, 1st Armored Division as well as Operation Iraqi Freedom as the company commander of the 69th Chemical Company.

JOSHUA ISRAEL

Director
CBRN Futures, JPEO CBRND Headquarters (Acting)

As the JPEO CBRND Director of CBRN Futures, Joshua Israel supports the

JPEO CBRND Joint Project Managers (JPMs) and Joint Project Leads (JPLs) on technical acquisition approaches, technology transitions, and industry engagements.

He oversees activities for the Advanced Emerging Threats Defense (AET DEF) program to address emerging threats as well as

build partnership across industry, academia and government. He previously completed technical, acquisition and financial management assignments with the Assisted Secretary of the Army (Acquisition, Logistics and Technology), Army Futures Command (AFC) and U.S. Army Combat Capabilities Development Command (DEVCOM).

IAN WATSON

Deputy Assistant Secretary
Defense for Chemical and Biological Defense

Mr. Ian Watson currently serves as the Deputy Assistant Secretary of Defense for Chemical and Biological Defense (DASD/CBD). In this capacity he is the principal advisor to the Assistant Secretary of Defense (ASD) for Nuclear, Chemical, and Biological Defense Programs (NCB) and conducts Department level research, development, and acquisition (RDA) activities from concept and requirements development, through early science and technology, to advanced development, testing and evaluation, and procurement. These efforts focus on reducing risk from emerging threats and fielding sustainable capabilities to all Services in accordance with Department, Service and Combatant Command priorities for chemical, biological, and ensure our warfighters can fight and win in chemical, biological, radiological, and nuclear (CBRN) contested environments.

Previously, Watson served as the Deputy Assistant Secretary, and Director of the Office of Strategy, Policy, Planning, and Requirements (SPPR), and for Industrial Base Expansion in the Office of the Assistant Secretary for Preparedness and Response (ASPR) within the U.S. Department of Health and Human Services. In this position, Watson was responsible for leading the policy planning life-cycle, to ensure that ASPR's preparedness and emergency response capabilities align with the ASPR's mission, as well as broader policy and planning considerations to support the ASPR in protecting Americans from 21st Century health security threats. Watson was also responsible for the Department's Industrial Base Expansion, supply chain management, industrial policy, and Defense Production Act (DPA) program for the pandemic response.
