NDIA

WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more than 100 years, NDIA and its predecessor organizations have been at the heart of the mission by dedicating their time, expertise, and energy to ensuring our warfighters have the best training, equipment, and support. SPACE DIVISION

WHO WE ARE

NDIA's Space Division offers a continuing forum for communications, discussion, and exchanges of view on all space activities with the government through periodic meetings, conferences, symposia and studies that the division conducts. The division works jointly and coordinates with NDIA chapters and other divisions and U.S. defense and government agencies in activities relating to space matters. It maintains close liaison with other industry associations, professional societies, universities, and other groups with similar interests in meeting its mission objectives.

GET INVOLVED

ROCKY MOUNTAIN CHAPTER

WHO WE ARE

NDIA's Rocky Mountain Chapter focuses on supporting member needs to ensure the strength and resiliency of the local defense economy that contributes billions of dollars to our state and creates thousands of jobs centered in the Colorado Springs and Denver metro areas. Our Chapter creates opportunities for collaboration between academia, industry, U.S. Space Force, and U.S. Space Command to ensure our warfighters always have the best training, capabilities, and materials to ensure a competitive advantage across the spectrum of conflict within the space domain. In addition, the Chapter conducts outreach and supports critical industry and military missions, facilities, and operating bases, including: Peterson SFB, Schriever SFB, Buckley SFB, and Cheyenne Mountain Space Force Station; North American Aerospace Defense Command (NORAD) / U.S. NORTHCOM; Army Strategic Command (ARSTRAT) / Army Space and Missile Defense Command (SMDC); Fort Carson and its Pinon Canyon Maneuver Site; the U.S. Air Force Academy; Aerospace Data Facility-Colorado (ADF-C), the 10th Special Forces Group; the Colorado National Guard; the High Altitude Army Training Facility; The Pueblo Chemical Depot; Intercontinental Ballistic Missile (ICBM) Sites in northeastern Colorado; and the Missile Defense Agency's Integration Operations Center.

WELCOME TO THE 2023 SPACE WARFIGHTING FORUM

On behalf of NDIA and the Space Warfighting Forum (SWF) committee, we would like to welcome you to our Space Professional Development event joining industry, U.S. Space Command, U.S. Space Force, the Department of Defense (DoD), and Allied space professionals.

With war still being fought in Ukraine and potential destabilizing activities in INDO-PACOM, the need has never been greater for U.S. and Allied space capabilities. In his recent U.S. Space Command basing decision announcement, President Biden spoke of the need for ensuring peak readiness in the space domain over the next decade. To meet the increasing threats, Space has been acknowledged as a warfighting domain, and all elements of the Space Enterprise (National Security Space, Civil Space, and Commercial Space) are now interdependent in the way we live day-to-day as well as defend our Homeland and national interests. Over the next two days, we will hear from Combatant Commands, engage in meaningful conversations with our Joint partners, reflect on Space's past, present,

and future, discuss better ways to integrate commercial and interagency Space Capabilities, and address getting Space capabilities to tactical users.

The NDIA-RMC will cap off this event by hosting its 40th Annual Rocky Mountain Chapter Ball and presenting the General James V. Hartinger Award to the 2023 recipient, General James Dickinson, Commander of U.S. Space Command. Thank you for joining us in thought provoking dialogue between military and industry space professionals. Alongside a passionate group of NDIA professionals and volunteers, we hope you will contribute to and learn from this forum today, tomorrow, and in the future.

HARASSMENT STATEMENT

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

EVENT CODE OF CONDUCT

NDIA's Event Code of Conduct applies to all National Defense Industrial Association (NDIA), National Training & Simulation Association (NTSA), and Women In Defense (WID) meeting-related events, whether in person at public or private facilities, online, or during virtual events. NDIA, NTSA, and WID are committed to providing a productive and welcoming environment for all participants. All participants are expected to abide by this code as well as NDIA's ethical principles and practices. Visit [NDIA.org/CodeOfConduct](https://www.ndia.org/CodeOfConduct) to review the full policy.

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

40th Annual
Rocky
Mountain
BALL

General James V. Hartinger Award & Patriot Awards

Friday, August 18 | 6:00 pm | DoubleTree by Hilton Hotel | Mess Dress/Black tie

Hosted By NDIA's Rocky Mountain Chapter

BIOGRAPHIES

GEN JAMES DICKINSON, USA

Commander
U.S. Space Command

U.S. Army General James H. Dickinson assumed his duties as the Commander

of U.S. Space Command, on August 20, 2020, after having served as the first Deputy Commander of U.S. Space Command, the 11th and for the recently established Unified Combatant Command.

He is a native of Estes Park, CO, and a graduate of Colorado State University. He holds a BS in Mechanical Engineering and an MS in Operations Research and Systems Analysis from the Colorado School of Mines. He later earned a master's degree in Strategic Studies from the U.S. Army War College.

GEN Dickinson's command assignments include Commanding General of the Space and Missile Defense Command / Army Forces Strategic Command and Joint Functional Component Command for

Integrated Missile Defense; Commanding General of the 32nd Army Air and Missile Defense Command; Commanding General of the 94th Army Air and Missile Defense Command; Brigade Commander of the 35th Air Defense Artillery Brigade, Eighth U.S. Army, Republic of Korea; and Battalion Commander of 1st Battalion, 7th Air Defense Artillery, which deployed in support of Operations Enduring Freedom and Iraqi Freedom.

His key staff assignments include Chief of Staff, U.S. Strategic Command; Director for Test at the Missile Defense Agency; Deputy to The Inspector General, Office of the Secretary of the Army; Deputy Director for Operations, National Military Command Center, J-3, Joint Staff; Chief, Commander's Initiatives Group, United Nations Command/Combined Forces Command, Republic of Korea; Assistant Chief of Staff, G-3, 32nd Army Air and Missile Defense Command;

Senior Emergency Actions Officer and Senior Operations Officer, National Military Command Center, J-3, Joint Staff; Operations Officer, 11th Air Defense Artillery Brigade; Operations Officer, 5th Battalion, 52nd Air Defense Artillery, 11th Air Defense Artillery Brigade supporting Operation Southern Watch.

GEN Dickinson is the senior Air Defense Artillery Officer in the U.S. Army. His awards and decorations include the Defense Distinguished Service Medal, two Distinguished Service Medals, three Defense Superior Service Medals, three Legion of Merits, Bronze Star Medal, Defense Meritorious Service Medal, three Meritorious Service Medals, three Army Commendation Medals, Joint Service Achievement Medal, four Army Achievement Medals, Parachutist Badge, Master Space Badge and Joint and Army Staff Identification Badges.

LT GEN JOHN SHAW, USSF

Deputy Commander
U.S. Space Command

Lt Gen John E. Shaw is the Deputy Commander, U.S. Space Command.

U.S. Space Command is the Unified Combatant Command responsible for conducting operations in, from, and to space to deter conflict, and if necessary, defeat aggression, deliver space combat power for the Joint/Combined force, and defend U.S. vital interests with allies and partners.

Lt Gen Shaw entered the Air Force in 1990 as a distinguished graduate of the U.S. Air Force Academy with a degree

in astronautical engineering and a minor in Russian language. He has served in a variety of air and space operations and staff positions, including operations tours in the 50th Space Wing, the National Reconnaissance Office, the 32nd Air Operations Group and the Space Warfare Center. His operational commands have included the 4th Space Operations Squadron, the 50th Operations Group and the 21st Space Wing. He also served at U.S. Strategic Command as Director of the Commander's Action Group and as Deputy Director for Operations, and in the Pentagon as an Air Force intern, as Deputy

Chief of Space Strategy and Integration, a speechwriter and as a senior space policy advisor.

Prior to his current position, Lt Gen Shaw was dual hatted as the Commander, Combined Forces Space Component Command, U.S. Space Command, and Deputy Commander, Space Operations Command, U.S. Space Force, Vandenberg SFB, CA. He also served as the Deputy Commander of Air Force Space Command, United States Air Force.

THE HON DAVID L. NORQUIST

President and Chief Executive Officer

NDIA

The Hon David L. Norquist is the President and Chief Executive

Officer of the National Defense Industrial Association (NDIA).

Norquist has more than 30 years of public and private sector experience in national security and federal financial management. He has served in three Senate-confirmed positions: the Chief Financial Officer (CFO)

of the Department of Homeland Security, the Under Secretary of Defense Comptroller/CFO and most recently, as the 34th Deputy Secretary of Defense.

He began his career as a civil servant, supporting Army intelligence as a program/budget analyst with assignments on the Army staff, a major command, a defense agency, and at an overseas field site. Following his time with the Army, Norquist served for six years with the House

Appropriations Subcommittee on Defense as a professional staff member. He later served for eight years as partner with Kearney and Company, a certified public accounting firm.

Norquist is a graduate of the University of Michigan, with a BA in Political Science and a master's in Public Policy. He also holds an MA in National Security Studies from Georgetown University.

THANK YOU TO OUR SPONSORS

PREMIER

Northrop Grumman is a leading global aerospace and defense technology company. Our pioneering solutions equip our customers with the capabilities they need to connect and protect the world, and push the boundaries of human exploration across the universe. Driven by a shared purpose to solve our customers' toughest problems, our 95,000 employees define possible every day.

NETWORKING BREAK

BAE Systems, Inc. and its 34,000 people are part of a global defense, aerospace, and security company. We deliver products and services for air, land, sea and space, as well as advanced electronics, intelligence, security, and IT solutions and support services. Our dedication shows in everything we design, produce and deliver— to protect those who protect us in a high-performance, innovative culture. We push the limits of possibility to provide a critical advantage to our customers where it counts.

ELITE

At Raytheon, the foundation of everything we do is rooted in our values and a higher calling – to help our nation and allies defend freedoms and deter aggression. We bring the strength of more than 100 years of experience and renowned engineering expertise to meet the needs of today's mission and stay ahead of tomorrow's threat. Our team solves tough, meaningful problems that create a safer, more secure world.

NETWORKING BREAKFAST

Oceaneering Space Systems develops, integrates, and applies new and innovative technologies to meet the challenges of working in space and other harsh environments. Our capabilities cover a broad range of products and services including space-based robotics and automation, satellite servicing, human space flight systems, and thermal protection systems. We are ideally positioned to meet the growing needs of NASA and the expanding commercial and Department of Defense (DOD) markets.
