Leadership Opportunities Divisions

Position your organization to **steer key discussions**, **select event speakers**, and **drive the agenda** by engaging in volunteer leadership.

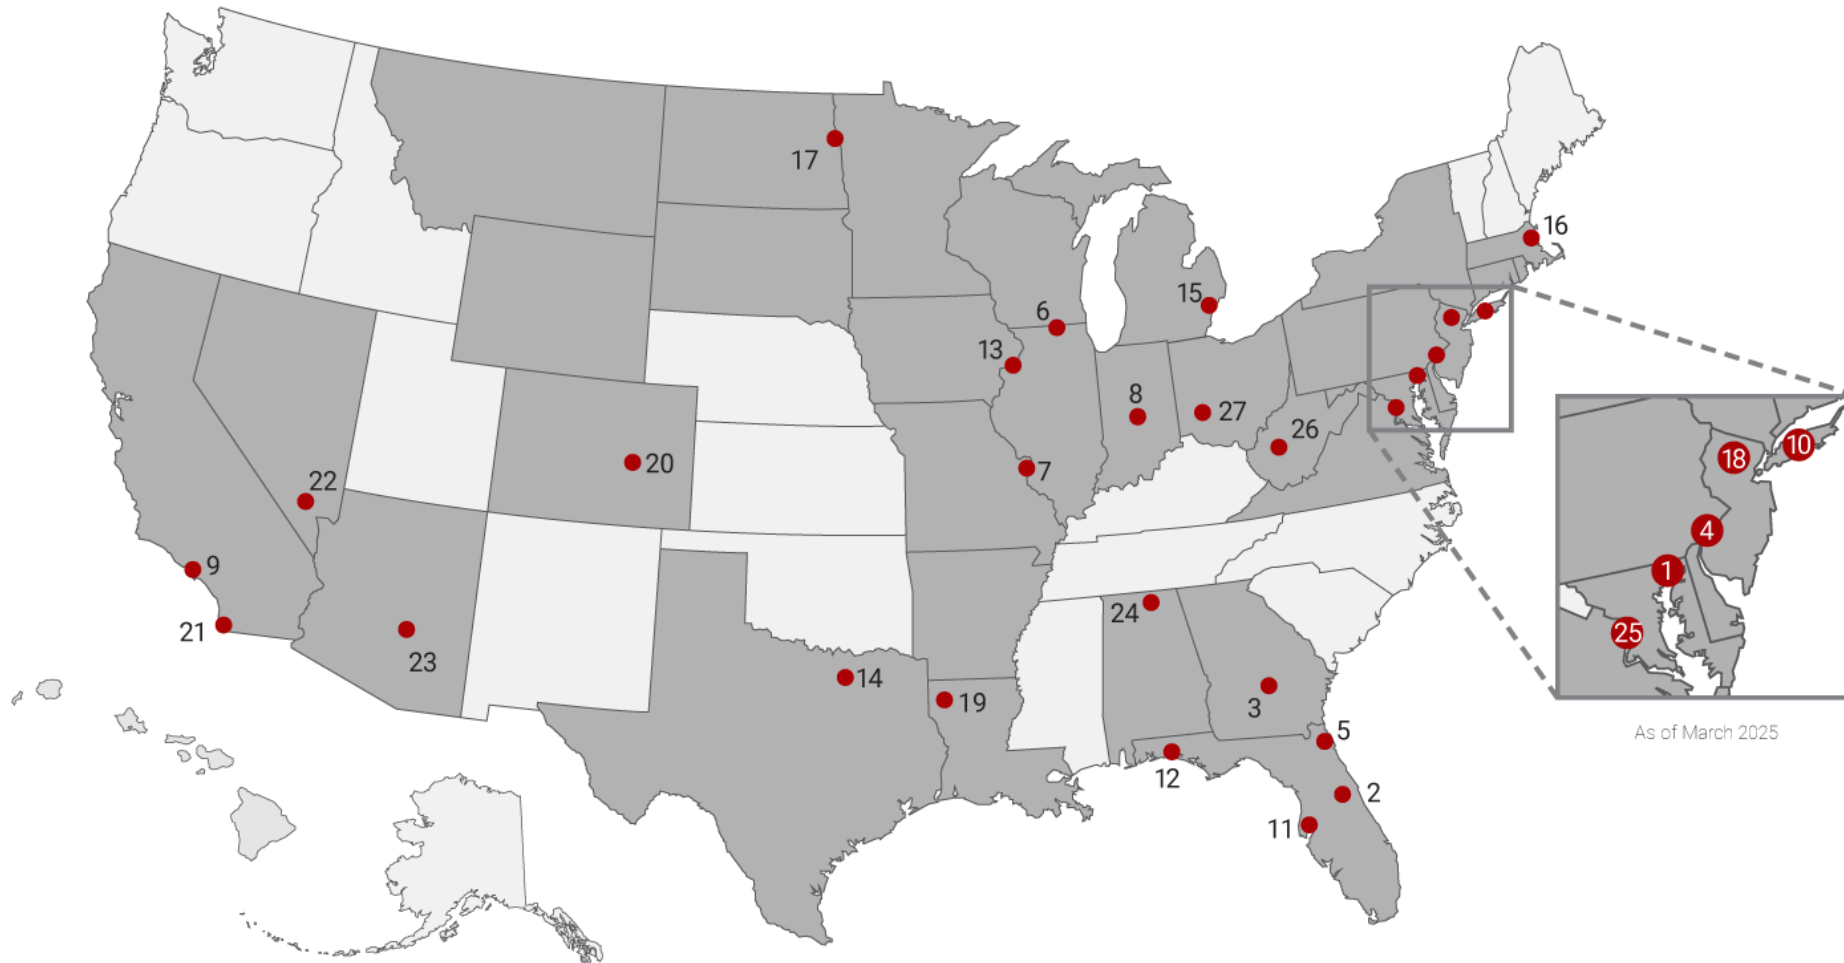

Divisions are organized nationally by scientific, technical, and management disciplines, or by operational areas. They provide an influential source of input and commentary on government policy and legislation that impact the industrial base.

[Visit the Divisions page](#) for more information and to join Divisions or Committees

Joining Division Committees allows your organization the opportunity to **host and drive the agenda for events** and annual conferences that bring together major players in their community to **interact on current issues** and work directly with the NDIA's Strategy & Policy Team to **provide input and commentary on government policy and legislation** that impact the industrial base.

Networking and Leadership Opportunities at the Local Level

NDIA's Chapters are the grassroots of the Association. Located in areas of concentrated defense activities, Chapters collaborate with government and industry to facilitate important discussions about critical national defense issues with local impacts.

1. Aberdeen Proving Ground
2. Central Florida
3. Central Georgia
4. Delaware Valley
5. First Coast
6. Great Lakes
7. Great Rivers
8. Greater Indiana
9. Greater Los Angeles

25. Washington, D.C.
26. West Virginia
27. Wright Brothers Regional

As of March 2025

Networking and Leadership Opportunities at the Local Level

Chapter affiliation provides the opportunity to:

- Network at local events and meetings to connect with others involved in national security and reach out to key decision-makers in government and private industry
- Connect with military and defense resources that impact local business
- Gain first-hand knowledge of policy and trends, and how they impact or may impact businesses of all sizes and sectors of the defense industry on the local and national levels
- Serve in Chapter leadership positions

Chapter membership **does not require an additional dues payment.** Members can join additional chapters if they would like to engage and network in multiple geographical areas.

[Visit the Chapters page](#) to view a list of available Chapters and contact their leadership

Influence the Agenda through the Strategy & Policy Team

The [S&P Team](#) monitors and analyzes the changing regulatory and legislative landscape, and engages with key policymakers to help shape policy impacts across the Defense Industrial Base (DIB). As a corporate member, you can provide input through NDIA's Divisions and Working Groups to help shape government regulations, policy, and legislation.

Government Engagement: Regularly engages with Congress, DoD, and other government bodies to communicate industry concerns and perspectives in a constructive dialogue

Regulatory and Legislative Input: Provides a crucial link to help businesses of all sizes amplify their voice on key policy proposals impacting the defense industrial base

Thought Leadership: Actively provides thought leadership that drives public perception about the DIB, including through the annual [Vital Signs](#) report.

S&P Project: NDIA's [Regulatory Tracker](#), is a database that tracks active FAR cases, DFARS cases, and class deviations throughout the regulatory process. To access the Tracker, log in to your account and then [go to this link](#).
